

Resources for Organizations Serving Children

The Missouri List

- **Center for Education Safety**

The Center for Education Safety (CES) is an innovative, public-private partnership of the Missouri Department of Public Safety, Missouri Office of Homeland Security, and the Missouri School Boards' Association (MSBA). The CES is dedicated to enhancing various aspects of emergency planning, preparedness, and safety and security in public and nonpublic education—pre-K, K-12, and post-secondary. The services provided by the CES fall into three categories—Leadership, Information Resource, and Technical Assistance and Training.

- **Child Care Aware of Missouri**

Child Care Aware of Missouri serves as a community resource on child care throughout the state. We help families find quality child care, preschool and after-school programs for their children. We work with child care program owners, directors and teachers to improve the quality of their programs. We provide business and civic leaders with information on the value and importance of child care and collaborate with them to make child care safe and enriching for children.

A resource surrounding emergency preparedness is the Head Start Emergency Preparedness Manual. The Head Start Emergency Preparedness Manual is a resource that supports programs for emergencies and the implementation of emergency preparedness plans. The manual includes information that offers guidance and techniques to cope with the four phases of activities related to a disaster: preparation, impact, relief and recovery. The manual is available online at the Office of Head Start's Early Childhood Learning and Knowledge Center:
