Program Description

S*A*S*P SEXUAL ASSAULT SERVICES PROGRAM

INTRODUCTION

The **(S*A*S*P) SEXUAL ASSAULT SERVICES PROGRAM GRANT**, the Sexual Assault Services Program (SASP) was created by the Violence Against Women and Department of Justice Reauthorization Act of 2005 Technical Amendments, and is the first federal funding stream solely dedicated to the provision of direct intervention and related assistance for victims of sexual assault.

The Sexual Assault Services Formula Grant Program (SASP Formula Grant Program) directs grant dollars to states and territories to assist them in supporting rape crisis centers and other nonprofit, nongovernmental organizations that provide core services, direct intervention, and related assistance to victims of sexual assault. Rape crisis centers and other nonprofit organizations, such as dual programs providing both sexual violence and domestic violence intervention services, play a vital role in assisting sexual assault victims through the healing process, as well as assisting victims through the medical, criminal justice, and social support systems. Funds provided through the SAS Formula Program are designed to **supplement** other funding sources directed at addressing sexual assault at the state and territorial level.

FUND ALLOCATION

The **SASP Program** funds are to be distributed to nongovernmental agencies to carry out programs and projects specified under the eligible statutory purposes. In distributing funds, states must:

- 1) Give priority to areas of varying geographic size with the greatest showing of need. In assessing need, states must consider the range and availability of existing sexual assault programs in the population and geographic area to be served in relation to the availability of such programs in other such populations and geographic areas;
- 2) Take into consideration the population of the geographic areas to be served by a subgrantee;
- 3) Equitably distribute monies on a geographic basis, including non-urban and rural areas of various geographic sizes;
- 4) Ensure that the needs of previously underserved populations are identified and addressed; and

STATUTORY PURPOSE AREAS

The Sexual Assault Services Program (SASP) - Grant funds will support the establishment, maintenance, and expansion of rape crisis centers and other nongovernmental programs and projects to assist individuals who have been victimized by sexual assault, without regard to the age of the individual.

The purpose of the Sexual Assault Services Program (SASP) is to provide intervention, advocacy, accompaniment (i.e. accompanying victims to court, medical facilities, police departments, etc.), support services, and related assistance for adult, youth, and child victims of sexual assault, family and household members of victims, and those collaterally affected the victimization (e.g., friends, coworkers, classmates), **except** for the perpetrator of such victimization.

Intervention and related assistance may include:

- 24-hour hotline services providing crisis intervention services and referral;
- Accompaniment and advocacy through medical, criminal justice, and social support systems, including medical facilities, police, and court proceedings;
- Crisis intervention, short-term individual and group support services, and comprehensive service coordination and supervision to assist sexual assault victims and family or household members;
- Information and referral to assist the sexual assault victim and family or household members;
- Community-based, culturally specific services and support mechanisms, including outreach activities for underserved communities; and
- The development and distribution of materials on issues related to the services described in the previous bullets.

PROGRAM PRIORITIES

In shaping their strategies, subgrantees are encouraged to develop and support projects to:

- Support rape crisis centers in providing direct intervention and related assistance.
- Support dual programs that provide sexual assault and domestic violence services to enhance their provision of direct intervention and related assistance tailored for victims of sexual assault.
- Retain core services for victims of sexual assault.
- Increase support for underserved populations, particularly communities of color, in a culturally appropriate manner, with a special emphasis on addressing the African-American, tribal, and Lesbian, Gay, Bisexual, and Transgender (LGBT) communities, as well as individuals with disabilities and Deaf individuals.

DEFINITIONS

The following universal definitions will be used as general guidelines for the SASP grant. Please note that these are broad definitions applicable to all of the grants funded through The Violence Against Women Act and may not entirely pertain to the SASP Grant.

Community-Based Organization – The term “community-based organization” means a nonprofit, nongovernmental, or tribal organization that serves a specific geographic community that –

- A) focuses primarily on domestic violence, dating violence, sexual assault, or stalking;
- B) has established a specialized culturally specific program that addresses domestic violence, dating violence, sexual assault, or stalking;
- C) has a primary focus on underserved populations (and includes representatives of these populations) and domestic violence, dating violence, sexual assault, or stalking; or
- D) obtains expertise, or shows demonstrated capacity to work effectively, on domestic violence, dating violence, sexual assault, and stalking through collaboration.

Culturally Specific – the term “culturally specific” means primarily directed toward racial and ethnic minority groups.

- A) Who is or has been in a social relationship of a romantic or intimate nature with the victim; and
- B) Where the existence of such relationship shall be determined based on a consideration of the following factors:
 - a. The type of relationship;
 - b. The length of the relationship;
 - c. The frequency of interaction between the persons involved in the relationship.

- **Crisis Intervention** – in person or telephone services to provide emotional support, information, and assistance to victims in crisis arising from the occurrence of crime.
- **Follow-up Contact** – in-person contacts, telephone contacts, and written communications with victims to offer emotional support, provide empathetic listening, check on a victim’s progress, etc.
- **Therapy** – intensive professional treatment by licensed mental health professionals. This includes the evaluation of mental health needs as well as the actual delivery of psychotherapy.
- **Support Group** – group sessions with victims to provide emotional support, information, and education to assist in healing and recovery including self-help, peer, social support, life skills, etc.
- **Crisis Hotline** – the operation of a 24-hour telephone service, every day of the year, which provides crisis intervention, guidance, emotional support, information, and referral, etc.

- **Telephone contact** – contact with victims to provide information about services and available support.

Domestic Violence – the term “domestic violence” includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from

that person's acts under the domestic or family violence laws of the jurisdiction. For the purposes of this **STOP Program**, "domestic violence" also includes any crime of violence against an adult considered to be an act of domestic violence according to State Law.

According to Section 455.200, RSMo, domestic violence in the state of Missouri is defined as "attempting to cause or causing bodily injury to a family or household member, or placing a family or household member by threat of force in fear of imminent physical harm." A "family or household member" is further defined as "a spouse, a former spouse, person living with another person whether or not as spouses, parent, or other adult person related by consanguinity or affinity, who is residing or has resided with the person committing the domestic violence and dependents of such persons."

Legal Assistance – the term "legal assistance" includes assistance to adult and youth victims of domestic violence, dating violence, sexual assault, and stalking in –

Sexual Assault – the term "sexual assault" means any nonconsensual sexual act proscribed by Federal, tribal, or State law, including when the victim lacks capacity to consent.

Subgrantee or Subrecipient – agency receiving grant funding from the Missouri Department of Public Safety

Supplanting - using funds received through the **SASP Program** to replace funds that would, in the absence of such federal aid, be made available for victim assistance. Therefore, **SASP** funds cannot be used for existing costs, because those costs have been paid previously by other funding. However, if an agency can substantiate that funding has been lost (for example an agency received \$10,000 in grant funding during the past year and this year will only be receiving \$5,000), **SASP** funds could be requested to cover costs up to the amount lost. The limited **SASP** funds are not intended to replace local funds or other state and federal funds.

Underserved Populations – the term "underserved populations" means populations who face barriers in accessing and using victim services, and includes populations underserved because of geographic location, religion, sexual orientation, gender identity, underserved racial and ethnic populations, populations underserved because of special needs (such as language barriers, disabilities, alienage status, or age), and any other population determined to be underserved by the Attorney General or by the Secretary of Health and Human Services, as appropriate.

Victim Advocate – the term "victim advocate" means a person, whether paid or serving as a volunteer, who provides services to victims of domestic violence, sexual assault, stalking, or dating violence under the auspices or supervision of a victim services program.

Victim Assistant – the term "victim assistant" means a person, whether paid or serving as a volunteer, who provides services to victims of domestic violence, sexual assault, stalking, or dating violence under the auspices or supervision of a court or a law enforcement or prosecution agency.

Victim Services or Victim Service Provider – the term “victim services” or “victim services provider” means a nonprofit, nongovernmental organization that assists domestic violence, dating violence, sexual assault or stalking victims, including rape crisis centers, domestic violence shelters, faith-based organizations, and other organizations with a documented history of effective work concerning domestic violence, dating violence sexual assault, or stalking.

Victims - persons who have suffered harm, including physical or mental injury, emotional suffering, economic loss, or substantial impairment of their fundamental rights, through acts or omissions which are in violation of criminal laws regardless of whether the perpetrator is identified, apprehended, prosecuted or convicted and regardless of the familial relationship between the perpetrator and the victim. Victims shall also include the immediate family or dependents of the direct victim and persons who have suffered harm in intervening to assist victims in distress or to prevent victimization.

SUBGRANTEE ORGANIZATION ELIGIBILITY REQUIREMENTS

To be eligible for funding from the SASP Grant, an applicant must be a non-governmental victim services program.

1. Nonprofit Organization. To be eligible to receive SASP funds, organizations must be operated by a nonprofit organization.

- a. **Nonprofit Organizations.** Nonprofit organizations must submit proof of their nonprofit status in one of four ways:
 - i. Proof that the Internal Revenue recognizes the applicant has the status of 501(c)(3);

Subrecipients must comply with the applicable provisions of SASP, the Program Guidelines, and the requirements of the [OJP Financial Guide](http://ojp.gov/financialguide/DOJ/pdfs/2015_DOJ_FinancialGuide.pdf) (http://ojp.gov/financialguide/DOJ/pdfs/2015_DOJ_FinancialGuide.pdf), effective edition which includes maintaining appropriate programmatic and financial records that fully disclose the amount and disposition of SASP funds received. This includes: financial documentation for disbursements; daily time and attendance records specifying time devoted to allowable SASP program services; client files; the portion of the project supplied by other sources of revenue; job descriptions; contracts for services; and other records which facilitate an effective audit.

3. Maintain Civil Rights Information. Maintain statutorily required civil rights statistics on victims served by race, national origin, sex, age, and disability, by contract period; and permit reasonable access to its books, documents, papers, and records to determine whether the subrecipient is complying with applicable civil rights laws. This requirement is waived when providing a service, such as telephone counseling, where soliciting the information may be inappropriate or offensive to the crime victim.

4. Equal Employment Opportunity Program (EEOP). The Subrecipient, if required to do so, will

formulate an Equal Employment Opportunity Program (EEO) in accordance with 28 CFR pt 42, subpt. E, and will submit a certification to the Missouri Department of Public Safety that it has a current EEO on file that meets the requirements therein.

Order 13279 (equal protection of the laws for faith-based and community organizations).

If any federal or state court or federal or state administrative agency makes a finding of discrimination after a due process hearing on the grounds of race, color, religion, national origin (including limited English proficiency), age, disability or sex against a recipient of federal funds, the recipient will forward a copy of the finding to the Office of Civil Rights (OCR) of the Office of Justice Programs, U.S. Department of Justice.

6. **Limited English Proficiency.** In accordance with Department of Justice Guidance pertaining to Title VI of the Civil Rights Act of 1964, 42 U.S.C. § 2000d, recipients of Federal financial assistance must take reasonable steps to provide meaningful access to their programs and activities for persons with limited English proficiency (LEP). “Meaningful access” will generally involve some combination of oral interpretation services and written translation of vital documents.
7. **Fair Labor Standards Act.** All recipients of federal funds will comply with the minimum wage and maximum hour’s provisions of the Federal Fair Labor Standards Act.
8. **Comply with State Criteria.** Subrecipients must abide by any additional eligibility or service criteria as established by the Missouri Department of Public Safety including submitting statistical and programmatic information on the use and impact of SASP funds as requested.
9. **Services to Victims of Sexual Assault.** If providing services to victims of sexual assault through this program, subrecipients will comply with the Missouri Coalition Against Domestic and Sexual Violence Service Standards and Guidelines for Sexual Violence Programs, as they relate to the provision of services required herein.
10. **Activities that May Compromise Victim Safety.** Ensuring victim safety is the guiding principle underlying this Program. Certain activities have been found to jeopardize victim safety, deter or prevent physical or emotional healing for victims, or allow offenders to escape responsibility for their actions. Applicants are discouraged from proposing projects that include activities that may compromise victim safety such as the following:
 - Procedures or policies that exclude victims from receiving safe shelter, advocacy services, counseling, and other assistance based on their actual or perceived age, immigration status, race, religion, sexual orientation, gender identity, mental health condition, physical health condition, criminal record, work in the sex industry, or the age and/or gender of their children;
 - Procedures or policies that compromise the confidentiality of information and privacy of persons receiving OVW-funded services;

- Policies that deny individuals access to services based on their relationship to the perpetrator;
- Materials that are not tailored to the dynamics of sexual assault or the culturally specific population to be served;
- Policies or engaging in practices that impose restrictive conditions to be met by the victim in order to receive services (e.g. mandatory counseling, seeking an order for protection); and
- Policies that require the victim to report the sexual assault to law enforcement.

11. Nondisclosure of Confidential or Private Information.

(1) In general.

In order to ensure the safety of adult, youth, and child victims of domestic violence, dating violence, sexual assault, or stalking and their families, grantees and subgrantees under this part shall protect the confidentiality and privacy of persons receiving services.

(2) Nondisclosure.

(i) Subject to paragraph (3) of this section, grantees and subgrantees shall not disclose any personally identifying information or individual information collected in connection with services requested, utilized, or denied through grantees' and subgrantees' programs, regardless of whether the information has been encoded, encrypted, hashed, or otherwise protected.

(ii) This paragraph applies whether the information is being requested for a Department of Justice grant program or another Federal agency, State, tribal, or territorial grant program. This paragraph also limits disclosures by subgrantees to grantees, including disclosures to Statewide or regional databases.

(iii) This paragraph also applies to disclosures from the victim services divisions or components of an organization, agency, or government to other non-victim service divisions within an organization, agency, or government. It also applies to disclosures from victim services divisions or components of an organization, agency, or government to the leadership of the organization, agency, or government (e.g., executive director or chief executive). Such executives shall have access without releases only in extraordinary and rare circumstances. Such circumstances do not include routine monitoring and supervision.

(3) Release.

(i) Personally identifying information or individual information that is collected as described in paragraph (2) of this section may not be released except under the following circumstances:

(A) The victim signs a release as provided in paragraph (3) (ii) of this section;

(B) Release is compelled by statutory mandate, which includes mandatory child abuse reporting laws; or

(C) Release is compelled by court mandate, which includes a legal mandate created by case law, such as a common-law duty to warn.

(ii) Victim releases must meet the following criteria—

(A) Releases must be written, informed, and reasonably time-limited. Grantees and subgrantees may not use a blanket release and must specify the scope and limited circumstances of any disclosure. At a minimum, grantees and subgrantees must: Discuss with the victim why the information might be shared, who would have access to the information, and what information could be shared under the release; reach agreement with the victim about what information would be shared and with whom; and record the agreement about the scope of the release. A release must specify the duration for which information may be shared. The reasonableness of this time period will depend on the specific situation.

(B) Grantees and subgrantees may not require consent to release of information as a condition of service.

(C) Releases must be signed by the victim unless the victim is a minor who lacks the capacity to consent to release or is a legally incapacitated person and has a court-appointed guardian. Except as provided in paragraph(3)(ii)(D) of this section, in the case of an unemancipated minor, the release must be signed by the minor and a parent or guardian; in the case of a legally incapacitated person, it must be signed by a legally-appointed guardian. Consent may not be given by the abuser of the minor or incapacitated person or the abuser of the other parent of the minor. If a minor is incapable of knowingly consenting, the parent or guardian may provide consent. If a parent or guardian consents for a minor, the grantee or subgrantee should attempt to notify the minor as appropriate.

(D) If the minor or person with a legally appointed guardian is permitted by law to receive services without the parent's or guardian's consent, the minor or person with a guardian may consent to release information without additional consent.

(iii) If the release is compelled by statutory or court mandate, grantees and subgrantees must make reasonable efforts to notify victims affected by the disclosure and take steps necessary to protect the privacy and safety of the affected persons.

(4) Fatality reviews.

Grantees and subgrantees may share personally identifying information or individual information that is collected as described in paragraph (2) of this section about deceased victims being sought for a fatality review to the extent permitted by their jurisdiction's law and only if the following conditions are met:

(i) The underlying objectives of the fatality review are to prevent future deaths, enhance victim safety, and increase offender accountability;

(ii) The fatality review includes policies and protocols to protect identifying information, including identifying information about the victim's children, from further release outside the fatality review team;

(iii) The grantee or subgrantee makes a reasonable effort to get a release from the victim's personal representative (if one has been appointed) and from any surviving minor children or the guardian of such children (but not if the guardian is the abuser of the deceased parent), if the children are not capable of knowingly consenting; and

(iv) The information released is limited to that which is necessary for the purposes of the fatality review.

(5) Inadvertent release.

Grantees and subgrantees are responsible for taking reasonable efforts to prevent inadvertent releases of personally identifying information or individual information that is collected as described in paragraph (2) of this section.

(6) Confidentiality assessment and assurances.

Grantees and subgrantees are required to document their compliance with the requirements of this paragraph. All applicants for Office on Violence Against Women funding are required to submit a signed acknowledgement form, indicating that they have notice that, if awarded funds, they will be required to comply with the provisions of this paragraph, will mandate that subgrantees, if any, comply with this provision, and will create and maintain documentation of compliance, such as policies and procedures for release of victim information, and will mandate that subgrantees, if any, will do so as well.

12. Victim eligibility for services. Victim eligibility for direct services is not dependent on the victim's immigration status.

13. Nonexclusivity. Nothing in this title shall be construed to prohibit male victims of domestic violence, dating violence, sexual assault, and stalking from receiving benefits and services under this title.

CONTINUATION FUNDING

Federal grants to Missouri, and the rules which govern their distribution, are received on an annual basis. Therefore, no project is guaranteed continuation funding.

CONTRACT PERIOD

The contract period for approved projects is January 1, 2018 through December 31, 2019. **(2 Years)**

MONITORING

All contracts funded will be monitored as deemed necessary by the Missouri Crime Victim Services Unit Program Manager. Agencies may be monitored annually through either an on-site monitoring visit or through “desk-top” monitoring.

Nothing in this guideline precludes the Department of Public Safety from conducting a site-visit or desk monitoring more often than once per year. In certain situations, a contract may be monitored either on-site or through desk monitoring on a regular and frequent basis to assure compliance. These situations include, but are not limited to:

- A report to the Department of Public Safety of the mishandling of grant funds;
- A report of the use of grant funds for ineligible activities;
- Discrepancies noted on the Monthly Report of Expenditures and/or Detail Sheet;
- A change in the managing staff within a contracting agency;
- Financial and/or programmatic issues of noncompliance found during a regularly scheduled monitoring visit or desk monitoring.

PERFORMANCE REPORT REQUIREMENTS

Recipients of SASP funds will be required to submit a performance report to the Department of Public Safety at the end of the preceding fiscal year. The performance report will be due by January 30th each year. Failure to submit the Performance Report by that date could result in contract funds being withheld until the report is received.

Grant Application Instructions

Applications for SASP funding must be submitted online via the Missouri Department of Public Safety WebGrants System at <https://dpsgrants.dps.mo.gov>. WebGrants is a web-based computer application that will support the application and administration of grants available from the Missouri Department of Public Safety, Office of the Director. **All entities must have access to a scanner to complete the application.**

Before an application may be filled out in WebGrants, the following three steps must be completed:

1. Acquire a DUNS (Data Universal Numbering System) Number

A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and keeping track of entities receiving federal funds. Obtaining a DUNS number is a free, one-time activity. Ask the grant administrator, chief financial officer, or authorizing official of your organization to identify your DUNS number. If your organization does not know its DUNS number or needs to register for one, visit <http://www.dnb.com/us/> or call 1-866-705-5711.

2. Acquire or Renew Registration with the System for Award Management (SAM) - Formerly known as CCR (Central Contractor Registration) Database

The System for Award Management (SAM) is a Federal Government owned and operated free web site that consolidates the capabilities in CCR/FedReg, ORCA, and EPLS. You can register online at www.sam.gov.

3. Register as a User in WebGrants

To access WebGrants, new users must first register as a user with their applicant agency's information. **The deadline to register in WebGrants is 5:00 p.m. on Friday, October 6, 2017.**

To register with the WebGrants system, click the 'Register Here' link on the log in page and complete all required fields, as well as any optional fields, on the form. Click the Next link. A confirmation page will be displayed, and the applicant will receive a confirmation email.

Once the registration is submitted, notification will be sent to the Missouri Department of Public Safety to approve the new user. The applicant will receive another email when the Missouri Department of Public Safety approves or disapproves the registration. If your registration is approved, your User ID and Password are active and you may log into the system. If your registration is disapproved, the email will contain the reason.

NOTE: Once your registration is approved, you may add additional users from your organization to allow them access to the application and/or contract information. To add registered users, log into WebGrants, click My Profile from the Main Menu, select the applicable Associated Organization name, click Add under the Registered Users section, and complete all the required fields on the form. Users which are added by an approved registered user will not be subject to approval by the Missouri Department of Public Safety.

Once the above steps have been completed and you are ready to apply for a grant, log on to WebGrants with the UserID and Password provided during the registration phase. On the Main Menu screen, click the 'Funding Opportunities' link and then click the appropriate funding opportunity. Each component of the application must be completed, and each form must be 'Marked as Complete' before the application may be submitted.

- **NEW – If the agency is requesting Indirect Costs, they should be requested on the Contractual page.**
- To include indirect costs in the budget, click "Add".
- In the Item box, indicate the type of indirect cost rate you are requesting (Federally-Approved Indirect Cost Rate, De Minimus Rate, or Cost Allocation Plan).

- **Federally-Approved Indirect Cost Rate** - Agency has a federally negotiated rate. Attach a copy of the current, signed Federally-approved indirect cost agreement in the Required Attachments section.
 - **De Minimus Rate** - Agency is using the de minimus rate of 10% of the organization's Modified Total Direct Costs (agency does not have and has never had a Federally-approved indirect cost rate). MTDC means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first \$25,000 of each subaward.
 - **Cost Allocation Plan** - Agency has a professionally prepared cost allocation plan with a suggested indirect cost rate. Agencies must have a cost allocation plan, which has been professionally prepared by a CPA, county/city treasurer or finance director, in compliance with 2 C.F. R. part 200, specifically Appendix IV may submit such plan after certifying they have met all criteria in 2 C.F.R. part 200. Consideration by the DPS will be given to the suggested rate, then a rate will be negotiated and agreed upon by both parties in the special conditions of the grant. Budgets should be entered as if the suggested negotiated rate is the true rate. If utilizing the cost allocation plan, the cost allocation plan must be attached in the Required Attachments section.
- The Basis for Cost Estimate should be 'Other'.
 - In the Unit Cost box, enter the amount on which indirect costs are being requested. This should be based on the costs indicated in your federally negotiated rate, your cost allocation plan, or the organization's Modified Total Direct Costs (MTDC) if using the de minimus rate.
 - The Quantity should be 1.
 - In the % of Funding Requested box, enter your indirect cost rate percentage (federally negotiated rate, cost allocation plan rate, or de minimus rate of 10%).

EXAMPLE – Jane Smith requests to hire a Therapist to counsel victims 60 hours and charges a rate of \$35/hour.

Item	Basis for Cost Estimate (Select from drop down box)	Unit Cost	Quantity	% of Funding Requested	Total Cost
Therapist	Hourly	\$35.00	60	100%	\$2,100.00

SUBMITTING THE APPLICATION

Applications must be submitted through WebGrants no later than 5:00 p.m. on October 13, 2017. Proposals cannot be submitted after this date and time so applicants are encouraged to begin the process immediately to meet the application deadline. Applications submitted through any means other than WebGrants will not be considered for funding.

NOTE: If the applicant experiences unforeseen **WebGrants technical issues** beyond the applicant's control that prevent submission of its application by the deadline, the applicant must contact the Department of Public Safety staff by email **within 24 hours after the deadline** and request approval to submit the application. In that email the applicant must include: **a description of the technical difficulties, a timeline of submission efforts, screen shot of the error code and any other information as necessary. DPS will then consider all submitted information to determine if the application will be accepted. Please send all emails to cvsu@dps.mo.gov**

The Applicant shall submit all data as requested and required within the application forms. Failure to submit all required data could disqualify the proposal from further consideration. Applicants will not be contacted if they fail to submit all required data.

A separate application must be submitted for each project (if the scope of the project differs).

NOTE: Portions of the application submitted under separate cover (letters of collaboration or missing sections of the application) will not be placed with the original application. Carefully review your application to ensure that all required forms and documentation are submitted with the original application and copies. DPS will not open, correct or send back any applications once submitted.

APPLICATION REVIEW PROCESS

Competitive Bid Process

A peer review panel of various individuals from the Missouri Department of Public Safety and individuals from outside the department who do not have a personal financial interest in this program will be convened to review all the proposals received by the deadline as indicated above.

The peer review panel changes for each grant process and from year to year. This enables the Department of Public Safety to assure that more than one set of viewpoints on the issues surrounding victim services is expressed and utilized in the evaluation process. The Department of Public Safety staff provides a source of continuity in the review panel process.

Eligible applications will be evaluated, scored, and rated by a peer review panel. Peer reviewers' ratings and any recommendations are advisory only. In addition to peer review ratings, considerations for award recommendations and decisions may include, but not limited to:

- Underserved Populations
- Geographic Diversity
- Demonstration of need
- Score of Application
- Past Performance
- Adequate correlation between the cost of the project and the objective(s) to be achieved;
- Probability of project to meet identified goal(s);
- Demonstration that Victims of Crime Act grant monies will not be used to supplant state and local funds.
- Degree of cooperation between local officials, community groups, and citizens to fulfill goals for the overall success of the project;
- Demonstration that the applicant agency has identified support and contributions for this project from sources other than the Victim of Crime Act funds;
- Demonstration that the applicant agency has met and will continue to comply with all applicable state and federal laws and guidelines;
- Experience and expertise of the agency in the field of victim services;
- Overall quality of the application.

Applicants will not be contacted if an item is missing from the application.

The Department of Public Safety is required to make award decisions based on a competitive bid process. The funding requests are often for two to three times the funds available to disperse. Because of these circumstances, the review panel is expected to make some very difficult decisions. With the final approval of the director/designee of the Department of Public Safety, applicants will be notified of the decisions made by the review panel. Applicants will also be provided information on strengths and issues/concerns with the application/project.
