Program Description

State Services to Victims Fund

INTRODUCTION

The State's initial victim assistance program was established by the Missouri General Assembly under the auspices of the Department of Public Safety with the adoption of Section 595.050, RSMo in 1981. With the passage of Section 595.100, RSMo (1988), the State Services to Victims Fund (SSVF) was established. The - SSVF consists of money collected pursuant to section 595.045, RSMo. Upon appropriation, this money shall be used solely for the administration of contracts for services to victims of crime pursuant to sections 595.050, 595.055, and 595.105, RSMo.

SOURCE OF FUNDS

The actual amount and availability of funds for the SSVF depends upon the appropriations provided by the General Assembly for each fiscal year, and upon the amount of monies collected and deposited into the SSVF established under section 595.100, RSMo. [Per section 595.045](#) the source of the monies collected for SSVF is a court cost, assessed in any court in the state (including juvenile court), for violation of criminal or traffic laws of the State, including infractions and violations of a municipal or ordinance.

DEFINITIONS

Crime – an act committed in this state which, regardless of whether it is adjudicated, involves the application of force or violence or the threat of force or violence by the offender upon the victim but shall include the crime of driving while intoxicated and vehicular manslaughter and hit and run; and provided, further, that no act involving operation of a motor vehicle except driving while intoxicated and vehicular manslaughter which results in injury to another shall constitute a crime for the purpose of sections 595.010 to 595.075, unless such injury was intentionally inflicted through the use of a motor vehicle. - Supplanting will be reviewed during post-award monitoring and audit.
- If reviewers think that supplanting may have occurred, then the recipient will be required to supply documentation demonstrating that the reduction in resources occurred for reasons other than the receipt or expected receipt of State funds.
- For certain programs, a written certification may be requested by the DPS stating that State funds will not be used to supplant other State or local funds.
- This restriction shall not apply to funds used by any not-for-profit agency.

Application Instructions

Applications for SSVF funding must be submitted online via the DPS web-based grants management system, WebGrants, at <https://dpsgrants.dps.mo.gov>.

Before an application may be filled out in WebGrants, the following two steps must be completed:

1. Acquire a DUNS (Data Universal Numbering System) Number

A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and keeping track of entities receiving federal funds. Obtaining a DUNS number is a free, one-time activity. Ask the grant administrator, chief financial officer, or authorizing official of your organization to identify your DUNS number. If your organization does not know its DUNS number or needs to register for one, visit <https://www.dnb.com/duns-number.html> or call 1-844-232-9872.

2. Register as a User in WebGrants (for agencies that are NEW to WebGrants)

To access WebGrants, new applicants must first register as a user with their applicant agency's information. **The deadline to register in WebGrants is 5:00 p.m. on October 26, 2018.**

To register with the WebGrants system, click the 'Register Here' link on the log in page and complete all required fields, as well as any optional fields, on the form. Click the Next link. A confirmation page will be displayed, and the applicant will receive a confirmation email.

Once the registration is submitted, a notification will be sent to DPS to review and approve the request. The registrant will receive another email when DPS approves or denies the registration. If your registration is approved your User ID and Password will be immediately active and you may log into the system; if your registration is denied, the email will contain the reason for the denial.

Once your registration is approved, you may add additional users from your organization to view application and/or grant information. To add registered users, log into WebGrants, click 'My Profile' from the Main Menu, select the applicable Associated Organization name, click 'Add' under the Registered Users section, and complete all the required fields on the form. Users which are added by an approved registered user will not be subject to approval by DPS.

Once the above steps have been completed, you may use your credentials to apply for various funding opportunities available through DPS. Log on to WebGrants with the User ID and Password provided during the registration phase. On the Main Menu screen, click the 'Funding Opportunities' link and then click the appropriate funding opportunity. Each component of the application must be completed, and each form must be 'Marked as Complete' before the application may be submitted.

Personnel Benefits Justification:

- If personnel benefits are **not** included in the budget, leave this section blank.
- If personnel benefits are included in the budget, provide justification for each fringe benefit. If your agency anticipates a premium or rate change during the contract period, indicate the effective date of change and the reasoning for such change.
- If personnel are less than 100% funded, fringe benefits must be based upon the percentage of time requested.
- If an increase and/or new line item is being requested, please explain why it is being requested and how the agency has paid for this expense in the past.

Travel/Training:

- Include any travel or training related costs for which funding is requested. Travel or training related costs may include, but not be limited to: registration fees, airfare/baggage, airport parking, lodging, hotel parking, meals, rental car and fuel, mileage, shuttles, taxis, tolls, fleet vehicle mileage, etc.
- To include travel or training related costs in the budget, click Add. Repeat this step to include each requested expense. Each cost must be requested as a separate line item.
- Registration/tuition fees should be included under this budget category.
- Due to the uncertainty of shuttles, taxis, toll roads, and parking, a “Misc. Shuttles/Taxis/Tolls/Parking” line may be included to lump these variable expenses. However, the travel justification must thoroughly explain the “Miscellaneous” line.

- Lodging costs should be reasonably consistent with the State lodging rate. Meal costs (tip included) may not exceed the State per diem rates for the specified location. **Alcoholic beverages, if included in the meal receipt, must be excluded from requests for reimbursement.**
- Travel must be by the most direct, practical route.
- The amount of mileage allowance shall not exceed \$0.37 per mile (**State Rate**). Incidentals will not be allowed. Agency travel policy will apply if it is more restrictive than the State Rate. The agency will need to attach their mileage policy.
- The Total Cost will automatically calculate as Unit Cost x Duration x Number.

EXAMPLE 1 – As an Advocate, Jane Smith is requesting to attend the 3-day ABC Conference training in August. She will need lodging for 4 nights at the State per diem rate of \$95.00/day, meals for 4 days at a State per diem rate of \$39.00/day, mileage allowance for driving her personal vehicle for 100 miles round-trip at \$0.37/mile, and registration costing \$130.

Item	Category (Select from drop down box)	Unit Cost (Amount or rate per mile, month, day, ticket, etc.)	Duration (Number of months, miles, days, etc.)	Number (Number of vehicles, people, rooms, etc.)	Total Cost	Federal/State Share
ABC Conference - Lodging	Lodging	\$95.00	4	1	\$380.00	\$380.00
ABC Conference - Meals	Meals	\$39.00	4	1	\$156.00	\$156.00
ABC Conference – Mileage	Mileage	\$0.37	100	1	\$37.00	\$37.00
ABC Conference – Registration	Registration Fee	\$130.00	1	1	\$130.00	\$130.00
Total						\$703.00

Travel/Training Justification:

- If travel/training is **not** included in the budget, leave this section blank.
- If travel/training is included in the budget, provide justification for each expense and why such is necessary to the success of the proposed project.
- For training, identify the location and date(s) of the training. If either the location or date(s) is unknown, clearly identify such. Describe the anticipated benefit and/or a synopsis of the training and who will be attending such event.
- If a specific training is not yet known, travel/training costs may be requested as “miscellaneous training” expenses. If awarded, “Misc. Training” not specifically outlined in the approved budget must be submitted to the DPS for approval at least 30 days **prior** to the training date.
- If an increase and/or new line item is being requested, please explain why it is being requested and how the agency has paid for this expense in the past.

Equipment:

- To include equipment in the budget, click Add. To include more than one item, repeat this step for each equipment item. Like items can be included as one budget line, for example: 2 laptop computers may be listed as a single line item.
- Equipment is defined as tangible property, having a useful life of more than one year and an acquisition cost of \$1,000 or more per unit. Equipment must be recorded and tracked in an Inventory Control Listing and tagged to reflect its source of funding, where possible. Items not meeting these guidelines should be listed in the Supplies/Operations budget category.
- Vendor quotes, if available, may be uploaded under the “Other Attachments” component.
- The Total Cost will automatically calculate as Unit Cost x Quantity.
- Equipment costs should be reasonable and necessary to providing direct services to victims of crime.
- Any equipment requested should be prorated if used for purposes other than for providing direct services.

EXAMPLE 1 – Agency requests two replacement laptop computers for advocate use. The computers were priced from Dell at \$1,000 each, plus \$20 shipping.

Item	Description	Unit Cost	Quantity	Source of Bid	% of Funding Requested	Total Cost	Federal/ State Share
Desktop Computers	Dell	\$1,020.00	2	Dell.com	100%	\$2,040.00	\$2,040.00

APPLICATION REVIEW PROCESS

Competitive Bid Process

The CVS/JJ Unit of DPS utilizes a two-part process for reviewing applications. Applications undergo an administrative review for technical merit by DPS staff and are then subject to review by an external peer review panel. The review panel comprised of professionals without any personal financial interest in the program will be convened to conduct a peer review of all eligible applications. The panel members may change for each grant process and from year to year. This enables the Department of Public Safety to assure that more than one set of viewpoints on the issues surrounding victim services is expressed and utilized in the evaluation process. DPS staff and the external, peer review panel members will convene to determine funding recommendations to be submitted to the Director or his/her designee for final approval. Applications may be approved for full funding, partial funding or denied with no funding.

In evaluating each application, both objective analysis and subjective judgment will be used in conducting an assessment of the proposal in accordance with the funding opportunity guidelines in addition to the following criteria:

- Administrative Review for Technical Merit;
- Underserved Populations;
- Geographic Diversity;
- Demonstration of need;
- Past Performance;
- Adequate correlation between the cost of the project and the objective(s) to be achieved;
- Probability of project to meet identified goal(s);
- Demonstration that SSVF funds will not be used to supplant state and local funds (local units of government only) or that nonprofit agencies adequately demonstrated the justification for receiving SSVF to replace other funds previously used for the program;
- If reviewers think that supplanting may occur, the applicant will be required to supply documentation demonstrating that the reduction in non-state resources occurred for reasons other than the receipt or expected receipt of State funds;
- For certain programs, a written certification may be requested by DPS from the applicant agency stating that State funds will not be used to supplant local funds. This restriction shall not apply to funds used by any not-for-profit agency;
- Degree of cooperation between local officials, community groups, and citizens to fulfill goals for the overall success of the project;
- Demonstration that the applicant agency has identified support and contributions for this project from sources other than the State Services to Victims Fund;
- Demonstration that the applicant agency has met and will continue to comply with all applicable state and federal laws and guidelines;
- Experience and expertise of the agency in the field of victim services;
- Overall quality and score of the application.

Applicants will be provided feedback form the review of the application.

Notice of Funding

With the approval of the Director of the Missouri Department of Public Safety (or his/her designee), applicants will be notified via WebGrants of the decisions made by the review panel approximately 2-4 weeks following the Review Meeting. The notification will be sent from dpswebgrants@dps.mo.gov to the person listed as the Primary Contact on the General Information form of the application.

Applications may be approved for full funding, partial funding, or no funding. Applicants will be provided with feedback from the review panel.

It is anticipated that the funding requests will easily exceed the amount of money available. Funding notifications will not be released through any other means than WebGrants.

ACCEPTANCE OF SUBAWARD

Following completion of the application review process, DPS subawards funding to approved applicants in the form of a document titled *Subaward*. This document identifies the following: DPS as the administrative agency, the subrecipient name, the funding opportunity title, the contract period, the amount of federal or state funds awarded, the subaward number, and a project description. As appropriate, Special Conditions may be included. The subrecipient must adhere to any Special Conditions as well as the SSVF Certified Assurances. All correspondence concerning the award shall refer to the designated Subaward Number shown on the *Subaward* document.

To accept the subaward, the Subrecipient must print and return the following documents:

1. **Subaward Document** – this form must contain **original** signatures by the Authorized Official and Project Director, as listed within the grant application, affirming acceptance of the award.
2. **Certified Assurances and any Special Conditions** – these forms, if applicable, must contain **original** signatures by the Authorized Official and Project Director, as listed within the grant application, certifying compliance with all federal or state laws, circulars, statutes, and guidelines and affirming they have read and will comply with all terms and conditions of the grant program. The Authorized Official must initial each page of the Certified Assurances and Special Conditions documents, as applicable. *If new or differing requirements are imposed on the grant program between the time the application is submitted and the time of subaward acceptance, revised documents will be provided and will require the signature and initials of the Authorized Official.*

These documents must be returned to DPS within 45 days from the date of award, unless an extension request is approved by DPS. Any such request must be submitted to DPS with the 45 days noted above. No funds will be disbursed to the subrecipient until the above documents have been received by DPS.

CANCELLATION CONDITIONS

If a project is not underway within **60 DAYS** of the project period start date, the Subrecipient must notify DPS of the delay, and the steps being taken to commence the project, the reasons for delay, and the expected starting date.

If a project is not underway within **90 DAYS** of the project period start date, the Subrecipient must submit a second notification to DPS explaining the implementation delay. Upon receipt of the 90-day notification, DPS may decide to continue the contract or cancel the project.

Notification must be submitted through the “Correspondence” component of WebGrants.
