Office on Violence Against Women
ANNUAL PROGRESS REPORT FOR

STOP Violence Against Women Formula Grant Program

Brief Instructions: This form must be completed for each STOP Violence Against Women Formula Grant Program (STOP Program) subgrant received. The grant administrator or coordinator must ensure that the form is completed. Grant partners, however, may complete sections relevant to their portion of the grant. Grant administrators and coordinators are responsible for compiling and submitting a single report that reflects all information collected from grant partners.

All subgrantees should read each section to determine which questions they must answer, based on the activities supported under this subgrant during the current reporting period. Following are some guidelines regarding which sections of the form must be completed by STOP Program subgrantees:

- All grantees must complete sections B and F and subsections A1 and C3.
- In sections D, E, and subsections A2, C1, C2, and C4-C8, subgrantees must answer an initial question about whether they supported certain activities during the current reporting period. If the response is yes, then the subgrantee must complete that section or subsection. If the response is no, the rest of that section or subsection is skipped.

For example,

1. If you are a victim services agency providing education and victim services with staff funded under this grant, you would complete A1, A2, B, C2, C3, D, and F (and answer 'no' in C1, C4-C8, and E1-E5).
2. If you are a law enforcement agency receiving funds to pay for staff who provide training to other law enforcement, you would complete A1, A2, B, C1, C3, and F (and answer 'no' in C2, C4-C8, D, and E1-E5).

If you are required to provide a match for your STOP Program subgrant, report on activities supported with this match. The activities of volunteers or interns should be reported if they were coordinated or supervised by STOP Program-funded staff or if STOP Program funds substantially supported their activities.

For further information on filling out this form, refer to the separate instructions, which contain detailed definitions and examples illustrating how questions should be answered.

Check yes if any STOP Program-funded staff were part of a specialized unit in any of the categories listed below or if STOP Program funds were used to directly support a specialized unit. (A *specialized unit* is a centralized or coordinated group, unit, or dedicated staff of police officers, prosecutors, probation officers, or judges or other court personnel responsible for handling sexual assault, domestic violence/dating violence, and/or stalking cases. VICTIM SERVICES/LEGAL SERVICES

Were your STOP Program funds used to provide victim services?

Check yes if STOP Program-funded staff provided victim services or if STOP Program funds were used to support victim services during the current reporting period. Report all victims served and victim services provided with STOP Program funds, whether by a victim services agency or victim services within law enforcement, prosecution, or the court system in this section. Report criminal justice activities, such as 911 calls, cases investigated, and cases prosecuted, in Section E only.

- ☐ Yes—answer questions 29-42
☐ No—skip to Section E

29. Number of primary victims/survivors served, partially served, and victims/survivors seeking services who were not served

Please do not answer this question without referring to the separate instructions for further explanation and examples of how to distinguish among these categories. (Report the following, to the best of your ability, as an unduplicated count for each category during the current reporting period. This means that each victim/survivor who was seeking or who received services during the current reporting period should be counted only once in that reporting period. For purposes of this question, victims/survivors are those against whom the sexual assault, domestic violence, dating violence, and/or stalking was directed. If the victim/survivor experienced more than one victimization, that person should be counted only once under the presenting victimization. Do not report secondary victims here.)

	Presenting victimization			
	Sexual assault	Domestic violence/ dating violence	Stalking	TOTAL
A. Served: Victims/survivors who received the service(s) they requested, if those services were funded by your STOP Program subgrant				
B. Partially served: Victims/survivors who received some service(s), but not all of the services they requested, if those services were funded by your STOP Program subgrant				
TOTAL SERVED and PARTIALLY SERVED (29A + 29B)				
C. Victims seeking services who were not served: Victims/survivors who sought services and did not receive the service(s) they were seeking, if those services were funded by your STOP Program subgrant				

30. Number of new victims/survivors served and partially served during the current reporting period

(For each victim/survivor reported in 29A and 29B, report the number of victims/survivors who began receiving STOP Program-funded services during the current reporting period. If this is your first time using STOP Program funds to provide victim services, then all victims/survivors in 29A and 29B should be reported as new. If the victim/survivor has been counted as served or partially served in a previous reporting period do not include them here, even if the victim/survivor sought services for a new victimization. For example, if you provided services to a domestic violence victim during the previous reporting period, and that victim returned during the current reporting period after being sexually assaulted, you would not report them in this question, and instead would report the additional victimization in question 31.)

Presenting victimization	Number of victims/survivors
Sexual assault	
Domestic violence/dating violence	
Stalking	
TOTAL	

31. Number of victims/survivors served for all types of victimizations

(For each victim reported as served or partially served in question 29A and 29B, report any additional types of victimizations for which they received STOP Program-funded services during the current reporting period. Report a victim under each additional victimization in the row that corresponds to the victimization you reported that victim under in question 29A and 29B. Report a victim only once under each additional victimization.)

Trafficking is defined as sex trafficking in which a commercial sex act is induced by force, fraud, or coercion, or in which the person induced to perform such act has not attained 18 years of age; and/or the recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.

32. Number of secondary victims served

Please do not answer this question without referring to the separate instructions for further explanation and for examples of how and when to report secondary victims. Report the following, to the best of your ability, as an unduplicated count for each category during the current reporting period. This means that each secondary victim who received services during the current reporting period should be counted only once and in only one of the listed categories, which should correspond to the category of victimization of the primary victim/survivor. For purposes of this question, secondary victims are those who are indirectly affected by the domestic violence/dating violence, sexual assault, and/or stalking—i.e., children, siblings, spouses or intimate partners, grandparents, other affected relatives, friends, neighbors, etc.)

Secondary victims	Sexual assault	Domestic violence/dating violence	Stalking	TOTAL

33. Reasons that primary victims/survivors seeking services were not served or were partially served

34. Demographics of primary victims/survivors served or partially served

Based on the primary victims/survivors reported in 29A and 29B, report the total numbers for all that apply. Because victims/survivors may identify in more than one category of race/ethnicity, the total for Race/Ethnicity may exceed the total number of victims/survivors reported in 29A and 29B, however, victims/survivors may not be counted more than once in each individual category. The total number of victims/survivors reported under Race/ethnicity should not be less than the total number of victims/survivors reported in 29A and 29B. The total number of victims/survivors reported under "Gender" and the total number reported under "Age" should equal the total number of victims/survivors reported in 29A and 29B. Those victims for whom gender, age, and/or race/ethnicity are not known should be reported in the "unknown" category. Do not report demographics for secondary victims.

35. Victims/survivors' relationships to offender by victimization

(For those primary victims/survivors reported as served and partially served in 29A and 29B, report the victim/survivor's relationship to the offender by type of victimization. If a victim/survivor experienced more than one type of victimization and/or was victimized by more than one perpetrator, count the victim/survivor in all categories that apply. The total number of relationships in the sexual assault column must be at least ; the total number in the domestic violence/dating violence column must be at least ; and the total number in the stalking column must be at least . Do not report relationships to offender for secondary victims.)

36a. Victim services

(Report the number of primary victims/survivors from 29A and 29B who received STOP Program-funded services. Count each victim/survivor only once for each type of service they received during the current reporting period under the number of victims/survivors served column. Under the number of times service was provided column, report the total number of times victims/survivors received the STOP Program-funded service. The total for each type of service under the number of victims/survivors served column should not be higher than the total of 29A and 29B. Shelter services should be reported in question 36b. Legal assistance provided by a grant-funded attorney or paralegal should be reported in questions 38-41.)

Type of service	Number of victims/survivors served	Number of times service was provided
Civil legal advocacy/court accompaniment <i>(Assisting a victim/survivor with civil legal issues, including preparing paperwork for a protection order and accompanying victim/survivor to a protection order hearing, administrative hearing, or other civil court proceeding. Other (specify):		

36b. Shelter services

(Report the number of victims/survivors and accompanying family members who received emergency shelter and/or transitional housing provided with STOP Program funds during the current reporting period. This should be an unduplicated count for both victims/survivors and for family members. This means that each victim/survivor and each family member who received shelter services during the current reporting period should be counted only once. Report the total number of bed nights provided in emergency shelter and/or transitional housing to victims/survivors and family members. The number of bed nights is computed by multiplying the number of victims and family members by the number of nights they stayed in the shelter. The number of bed nights will typically be significantly higher than the number of victims and family members. For example, one victim and her three children all stayed in the shelter for 10 nights. The number of bed nights would be 4 x 10, or 40.)

Shelter service	Number of victims/survivors	Number of family members	Number of bed nights

36c. Hotline support, information, and referral

(Report the number of hotline requests received from primary victims, and the total number of hotline requests received, on phone lines paid for with STOP Program funds or answered by STOP Program-funded staff, during the current reporting period. Primary victims whose requests are reported here should not be reported as victims served in question 29 unless they also received at least one of the services listed in question 36a Victim Services or question 36b Shelter Services. Victims/survivors who receive services such as crisis intervention or victim advocacy, in addition to basic hotline information and/or referrals, should also be reported in question 36a. Hotline requests that include victim advocacy or crisis intervention services are those that require more time than average and involve a more intensive focus on the immediate needs and situation of the victim. For examples of when to report only the hotline request and when to report both the hotline request and a service or services in question 36a, see separate instructions.)

Victims/survivors who receive services such as criminal justice advocacy over the telephone should be reported in question 36a.)

47a. Number of cases received, accepted for prosecution, declined, transferred, or referred

(Report the number of domestic violence/dating violence, sexual assault, or stalking-related case referrals received during the current reporting period—including cases already charged before reaching the prosecutor's office. Of those cases received, report the number that were accepted and the number that were declined for prosecution during the current reporting period. A case should be characterized by the most serious offense and may include numerous charges or counts. In most instances, a case will refer to one victim, one offender, and one incident. It is strongly suggested that you refer to the separate instructions for examples of how to count and characterize cases.)

Misdemeanor and felony domestic violence cases may include any assaults, battery, vandalism, or other offenses that occurred in a domestic violence incident. Your state law does not have to name an offense “domestic violence” for a case addressing that offense to be counted here. Similarly, cases addressing sexual assault and stalking offenses should be counted, even if your state law uses other names for these types of offenses, such as “sexual battery” or “harassment.”

Courts

Were your STOP Program funds used for courts during the current reporting period?

Check yes if your STOP Program subgrant funded court activities. If STOP funds supported only a victim advocate located in a court, then only Section D Victim Services would be completed.

54. Disposition of criminal cases

(Report the disposition of any sexual assault, domestic violence/dating violence, or stalking cases resolved during the current reporting period.)

Misdemeanor and felony domestic violence cases include any assaults, battery, vandalism, or other offenses that occurred in a domestic violence incident. Your state law or tribal code does not have to name the offense “domestic violence” for it to be counted here. Similarly, sexual assault and stalking cases should be counted under the appropriate sexual assault or stalking offense listed below (e.g., felony sexual assault), even if your state law uses another name for these types of offenses, such as “sexual battery” or “harassment.”

Felony sexual assault

55. Judicial monitoring

(Report the number of sexual assault, domestic violence/dating violence, and/or stalking offenders whose cases were reviewed by the court for compliance with conditions of probation or other court-ordered conditions, or for violations of those conditions, during the current reporting period. Also report the total number of individual review hearings conducted. The number of review hearings is the number of individual hearings held for each offender, even when that offender is reviewed during the same monitoring sessions as other offenders. For example, if 10 offenders were reviewed at the same three sessions during the reporting period, the number of offenders reviewed would be 10 and the number of review hearings conducted would be 10 multiplied by 3, or 30.)

	Number of offenders reviewed	Number of individual review hearings conducted

56. Dispositions of violations

(Report the number of sexual assault, domestic violence/dating violence and/or stalking cases in which there were dispositions of violations during the current reporting period. (For offenders reported in question 61, report the number of the monitoring activities engaged in during the current reporting period. Report only those offenders who were monitored using the specific activity under “number of offenders.” Report the total number of contacts for all offenders for the specific activity under “total contacts.” For example, out of a total caseload of 150, a probation officer has face-to-face contact with 100 of those offenders during the reporting period. Multiplying those offenders by the number of face-to-face meetings the officer had with each offender, the total contacts amount to 900. The number of offenders reported as having face-to-face meetings would be 100, and the number of total face-to-face contacts would be 900.)
