  - The expenditure is an approved budget line item
  - Prior approval has been obtained, if necessary
  - Sufficient funds are in the approved budget line
  - Subrecipients must have their own written procedures for determining costs are allowable, reasonable, allocable and necessary in accordance with Subpart E Cost Principles and the terms and conditions of the Federal award (2 CFR Part 200.302 (7). Agencies that do not have their own written policy, may adopt the DPS/OHS' Appendix B found in the Administrative Guide for Homeland Security Grants
- If a subrecipient is uncertain as to whether a cost meets these requirements, please contact the DPS/OHS for clarification

- If a subrecipient has a procurement policy, a copy must be submitted and accepted by the DPS/OHS
  - If the subrecipient does not have a procurement policy, or their policy is less restrictive than the State of Missouri policy, they must follow the State of Missouri's Procurement Guidelines
    - Submit statement indicating their agency is utilizing the State of Missouri Procurement Policy for this project
  - State of Missouri Revised Statutes Chapter 34, State Purchasing and Printing
  - Missouri Rules of Office of Administration Division 40 Purchasing and Materials Management

# STATE OF MISSOURI PROCUREMENT REQUIREMENTS

# Micro Purchases Purchases less than \$10,000

- Purchase with prudence on the open market
  - Price/Rate Quotations are not required
- Reasonableness of Price/Rate must be documented

Reasonableness can be determined by research, experience, purchase history or other information

#### Small Purchases Purchases \$10.000-\$99.999.99

- Obtaining 3 Price/Rate Quotations is Best Practice
- Informal method is acceptable
  - Telephone quote, online pricing, request for quote, etc.
- Maintain all procurement records, including
  - WHO List of vendors solicited/researched
  - When Dates
  - What Quotes received
  - Why Reason for vendor selection

# Macro Purchases \$100,000 and higher

- Formal bid solicitation required
  - Advertised in at least two daily newspapers for general circulation at least 5 consecutive days before bids are to be opened
  - May also advertise in at least 2 weekly minority newspapers or provide through an electronic medium available to general public
  - Post a notice in a public area of your office
  - Solicit by mail or other reasonable methods generally available to the public
  - DPS/OHS must approve vendor if less than 3 bids received
- Maintain all procurement records, including
  - Bid Notice
  - ▶ Who List of vendors solicited
  - ▶ When Dates
  - ▶ What Quotes received
  - ▶ Why Reason for vendor selection

- Procurement policies must be followed to ensure all procurements are made in a fair and open manner
- Do not engage any vendors until you have an executed contract
  - You can start researching vendors and products
  - DPS/OHS must review all contracts to ensure the required federal provisions are present before they are signed
- Depending on specific costs, multiple quotes must be obtained to ensure best value
- Do not break projects (budget line in contract) into smaller pieces to circumvent the procurement rules
- When procuring items and/or services using the competitive bidding process, the goal is to receive at least three
  written bids of a high-quality project completed at a fair price
  - To achieve this goal the invitation for bids can be solicited from an adequate number of sources once the Request for Proposal (RFP) has been advertised
  - Do not contact vendors before an RFP has been fairly advertised
- Vendor evaluation all bids received should be evaluated

#### **Avoid Conflicts of Interest**

- In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, or invitations for bids or requests for proposals must be excluded from competing for such procurements. FEMA considers these actions to be an organizational conflict of interest. This applies to contractors that help an entity develop its grant application, project plans, or project budget.
- Example: Whoever completes your risk assessment cannot participate in the bidding process.
- Using state or local geographic preferences in evaluating bids or proposals is prohibited!
- Additionally, the following situations are considered to be restrictive of competition. These situations must be avoided:
  - Requiring unnecessary experience
  - Using brand names
  - Allowing non-competitive pricing practices
  - Using only contractors that are already on retainer
  - Allowing organizational conflicts of interest
  - Exhibiting arbitrary actions during the procurement process

### **Example of a Bid Advertisement**

A nonprofit organization in(your City) is seeking sealed bids for the sale and installation of security related
enhancements. The project includes: (in general, list the equipment you wish to have installed, i.e.) installation of Closed-
Circuit Television equipment). The selection criteria will be based on (include your selection criteria, i.e. knowledge of surveillance and security, adherence to projected work schedule, prior experience, references, and cost). Specifications and bid requirements can be obtained by contacting us at
This is a federally-funded project and all contracts must adhere to the applicable federal contract provisions listed in 2 CFR 200 Appendix II Contract Provisions for Non-Federal Entity Contracts Under Federal Awards.
Bids must be submitted by (explain how, i.e. mail, email, etc.) and will be accepted until on

What Is an Appropriate Venue and Reasonable Period of Time to Advertise?

**Venue**: when soliciting competitive bids or offers, you are encouraged to utilize more than one form of media to attract qualified bidders or offerors

Remember, if you are following State procurement guidelines and the cost exceeds \$100,000, you must advertise in at least two daily newspapers for general circulation at least 5 consecutive days before bids are to be opened

**Reasonable period of time**: a minimum of 5 days is required as the intent of advertising is to promote open, fair advertisement of the opportunity to provide services

If a newspaper comes out once a week, that meets the 5-day requirement

#### What is not appropriate?

- Advertising only:
  - to special interest groups
  - in religious periodicals
  - in another language
  - through internally generated mailings and publications

#### **Evaluating the Bids**

- Awards must be made in accordance with a pre-determined process -evaluation criteria and scoring methodology must be established before the bids are opened
- The same information must be provided to all interested parties
- You may award the contract to the lowest responsible bidder or on the basis of best value, which may include the following elements:
  - Cost
  - Experience/qualifications of vendor
  - References
  - Ability to conform with projected work schedule
  - Etc.
- Scoring methodology and bid evaluations must be in writing
- Bid costs must be detailed item by item (not a lump sum amount)

# SINGLE FEASIBLE SOURCE (SFS)

- Use of a single feasible source procurement of \$10,000.00 or more requires prior approval from the DPS/OHS
  - A single feasible source form can be located on the DPS/OHS website in the <u>Grant Applications and Forms</u> section
  - If purchase is made using a single feasible source without prior approval, DPS/OHS has the right to refuse reimbursement
  - Non-compliance could result in the agency being listed as high risk

# SINGLE FEASIBLE SOURCE (SFS)

- Use of single feasible source procurement is discouraged. A single feasible source procurement exists when:
  - Federal Funds and Other Non-Federal Funds Used for Federal Match.
    - The item is available only from a single source; or
    - The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation; or
    - The DPS/OHS expressly authorizes noncompetitive proposals in response to a written request from the local agency; or
    - After solicitation of a number of sources, competition is determined inadequate

### WHO ARE YOU DOING BUSINESS WITH?

- Subrecipients are required to verify that vendors used for grant purchases are not on either the Federal Excluded Parties List System (EPLS) or State Suspended/Debarred Vendors List
  - Federal System for Award Management
  - State of Missouri Office of Administration Vendors Under Suspension/Debarment
  - \*Maintain a copy of a screenshot in the grant file to verify this was completed\*

### PRIOR APPROVAL

- Some items require prior approval from the DPS/OHS, including, but not limited to:
  - Contracts
    - MUST include Federal Contract Provisions located at 2 CFR 200 Appendix II Contract Provisions for Non-Federal Entity
       Contracts Under Federal Awards
    - Examples where contracts are needed include services for contracted security personnel, training, equipment installation,
       and construction

  - Expended funds include all Federal funds, not just NSGP funds

# ENVIRONMENTAL AND HISTORIC PRESERVATION (EHP)

- Projects that involve changes to the natural or built environment
  - An EHP review is an analysis of pertinent project information to determine whether a project may have the potential to impact environmental or historical/cultural resources
  - Including but not limited to: construction of communication towers; modification or renovation of existing buildings, structures, facilities, and infrastructure, new construction, replacement or relocation of facilities
  - Any ground disturbances
  - Projects funded with NSGP grant funds must comply

Environmental Planning and Historic Preservation
Policy Guidance FEMA Policy #108-023-1, Revision 2

#### FEMA Policy: Grant Programs Directorate Environmental Planning and Historic

#### Preservation

FEMA Policy #108-023-1, Revision 2

#### BACKGROUND

All Federal Emergency Management Agency (FEMA) Programs and Offices are responsible for the Environmental Planning and Historic Preservation (EHP) legal compliance requirements. However, recipients and subrecipients of Grant Programs Directorate (GPD) administered grants also have significant roles in assisting FEMA with those responsibilities. This policy will assist GPD recipients and subrecipients in meeting their legal compliance with EHP requirements and applies to all grants administered and managed by FEMA GPD. This policy supersedes FEMA Policy #108-023-1, Grant Programs Directorate Environmental Planning and Historic Preservation Policy Guidance (Revision 1) dated, July 26, 2018, and FEMA GPD Information Bulletin No. 404, Responsibility for Costs Incurred Implementing Environmental Planning and Historic Preservation Activities, April 13, 2015.

#### PURPOSE

This policy is intended to ensure that all FEMA GPD grant programs and activities, and FEMA GPD grant recipients and subrecipients comply with applicable federal EHP laws, Presidential Executive Orders and regulations.

#### PRINCIPLE

- A. Provide clear guidance to FEMA GPD grant recipients on their requirements for completing the EHP compliance review process.
- B. Provide clear, simple statements of how FEMA GPD intends to implement its authorities, actions and/or programs.

#### REQUIREMENTS

#### A. EHP Review Process

Outcome: FEMA GPD recipients and subrecipients have the information necessary to meet all EHP review process requirements for FEMA GPD-administered and managed projects.

Who is required to participate in the EHP review process: Recipients or subrecipients
receiving funds administered or managed by GPD, with projects that involve changes to the
natural or built environment, including but not limited to construction of communication
towers; modification or renovation of existing buildings, structures, facilities and

## **EHP TIMEFRAME**

• FEMA may be required to consult with the relevant State Historic Preservation Office (SHPO), the U.S. Fish and Wildlife Service (FWS), the U.S. Army Corps of Engineers (USACE), and others to determine impacts to sensitive resources

### PLEASE NOTE!

Purpose of EHP review is to ensure compliance – NOT to deny or approve projects

Costs of environmental review (e.g., archeological surveys, reports, etc.) are responsibility of and paid by the grant

subrecipient

### EHP PACKET

The EHP form can be located on the DPS website in the Grant Applications and Forms section:

#### Make sure your EHP Form includes

- Clear description of the project, including project location
- Labeled, ground-level photos of the project area
- Aerial photo(s)
- Includes the year built for any buildings/structures involved in the project
- Describes extent (length, width, depth) of any ground disturbance

Be sure you are using the current form - look for the expiration date in the right-hand corner

\*\*We will be offering an optional training that will go into further detail on completing the EHP Form – October 15, 2024\*\*

## EHP SUBMISSION
