An officer shall submit to being fingerprinted at any law enforcement agency upon commissioning and for as long as the officer is commissioned with that agency.

Procurement Requirements

- Expenditures must be an approved budget line item at the time of purchase
- Purchases must be made within the grant period of performance
 - June 1, 2026 – May 31, 2027
- Funds must be obligated within the project period (**June 1, 2026 – May 31, 2027**) and expended within 10 days following the grant period of performance end date (**June 10, 2027**)
 - Funds are considered “obligated” when a legal liability to pay a determinable sum for services or goods is incurred and will require payment during the same or future period
 - Purchase order is issued or order is placed with the vendor
 - Funds are considered “expended” when payment is made
 - Vendor is paid for goods/services
- Final claims are due **June 10, 2027**

Procurement Requirements

- Recipients must follow their agency's procurement policy **unless the State of Missouri policy is more restrictive**
- If the recipient does not have a procurement policy, they **must follow the State of Missouri procurement policy**
 - [State of Missouri Revised Statutes Chapter 34, State Purchasing and Printing](#)
 - [Missouri Rules of Office of Administration Division 40 – Purchasing and Materials Management](#)

Procurement Requirements

State of Missouri Procurement Guidelines

Less than \$10,000	\$10,000 - \$99,999	Greater than \$100,000
• Purchase with prudence on the open market	• Must be competitively bid • Informal method is acceptable • Minimum of three bids/quotes required • Example: telephone quote, online pricing, request for quotation, etc.	• Formal solicitation is required • Advertised in at least two daily newspapers for general circulation at least 5 days before bids are to be opened • May also advertise in at least 2 weekly minority newspapers & provide medium through an electronic medium available to the general public • Post a notice in a public area of your office • Solicit by mail or other reasonable method generally available to the public • DPS/OHS must approve if less than 3 bids received

Procurement Requirements

- Dollar thresholds for bidding requirements are per total purchase to a single vendor in the agency's fiscal year
- All procurement transactions shall be carried out in a manner which provides maximum and free competition
 - Whether negotiated or competitively bid
 - Without regard to dollar value
- All bids/quotes and the rationale behind the selection of a source of supply must be retained
 - Attached to the purchase order
 - Retained in grant and accounting files
- Brand names should not be specified when seeking bids/quotes

Procurement Requirements

- [Cooperative Procurements](#) – utilization of a cooperative or state contract
 - Can be used to satisfy procurement requirements without the requirement to obtain additional bids/quotes
 - Examples:
 - State contracts
 - NASPO
 - GSA
 - Sourcewell
 - **If you utilize a cooperative/state contract, ensure the procurement documents (bids/quotes) and invoice(s) list the contract number**
 - This documents the contract was utilized to meet procurement requirements
 - Example:
 - You are approved to purchase 10 laptops on your project and you estimate the cost to be approximately \$15,000 for all 10 laptops
 - The traditional procurement method would require you to obtain at least 3 bids/quotes
 - ABC Vendor has a GSA contract that includes the laptops you are looking to purchase
 - You can obtain a quote from ABC vendor for the laptops through their GSA contract
 - If the quote is acceptable, you can purchase from ABC vendor without obtaining other bids/quotes
 - **REMINDER: Your bid/quote and invoice from ABC vendor must reference the contract number!**

Procurement Requirements

- When only one bid/quote or positive proposal is received, it is deemed a Single Feasible Source
 - **Single Feasible Source procurement on purchases to a single vendor of \$10,000 or more requires prior approval from the DPS/OHS**
 - Submit request via the “Correspondence” component of WebGrants
 - Request should include:
 - [Single Feasible Source Form](#)
 - If available, a copy of a single feasible source certification letter from the vendor

Procurement Requirements

- Recipients are required to verify that vendors used for grant purchases are not on the [State Suspended/Debarred Vendors List](#)
 - Maintain a copy in your grant file with your procurement documentation to verify this step was completed

Inventory Management

Inventory Management

- Equipment is defined as tangible, personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost of \$5,000 or more
- Entities may have a lower acquisition cost in their procurement policy
 - If so, MUST use the most stringent policy

Inventory Management

- All equipment purchased with SCCG funds MUST be tagged
- Tags must state:

Purchased with State Cyber
Crime Grant (SCCG) Funds

- There are no specific requirements for the tag itself

Inventory Management

- Recipients MUST:
 - Have an inventory management system and maintain effective control
 - Have a control system in place to prevent, loss, damage, and theft
 - Investigate all incidents and report to the DPS/OHS within 30 days of the incident
 - Have adequate maintenance procedures to keep property in good condition
 - Keep equipment maintained to keep it in mission capable (operational) condition

Inventory Management

- When equipment acquired with SCCG funds is no longer needed, the equipment may be retained, sold, or disposed of but you must seek disposition approval from the DPS/OHS prior to disposition
- Equipment with a per item fair market value of less than \$5,000 may be retained, sold, or disposed of with no further obligation when approval is given by DPS/OHS
- Equipment with a per item fair market value of \$5,000 or more may be retained or sold
 - If sold, the awarding agency (DPS/OHS) is entitled to an amount calculated by multiplying the current market value or proceeds from the sale by the awarding agency's percentage of participation
 - Example: Agency X wants to sell their equipment item, which was 70% funded with SCCG funds and 30% funded with local funds. The fair market value for the equipment item is \$6,000. The awarding agency would be entitled to \$4,200 of the proceeds and the local agency would be entitled to \$1,800

Inventory Management

- Recipients must request disposition by submitting the [Equipment Disposition Form](#) to their Grant Specialist
- Equipment CANNOT be disposed of until the Equipment Disposition Form has been approved by the DPS/OHS
- Approved Equipment Disposition Forms must be maintained in your grant file

State the need for the change and how the requested revision will further the objectives of the project." This is followed by a red label "Justification*:". Below this is a rich text editor toolbar with various icons for text formatting (bold, italic, underline, strikethrough, subscript, superscript, text color, background color), alignment (left, center, right, justified), bulleted and numbered lists, indentation, and other functions like link, unlink, source, print, and undo. Below the toolbar are dropdown menus for "Styles" (set to "Normal"), "Font", and "Size", along with color pickers and a table icon. A large red arrow points from the text "completed and copied into the justification" in the list above to the text box area of the form. The text box contains two lines of placeholder text: "Explain the requested change and why it is necessary." and "Complete the Subaward Adjustment spreadsheet and copy and paste into this text box."

Subaward Adjustments

- Subaward Adjustment Spreadsheet Instructions
 - Utilizing information from your project and the “Budget” as shown in WebGrants, complete the spreadsheet
 - Project Number – Insert the project number (your award number)
 - Line Number – Insert the budget line numbers found in the Name field of the “Budget”
 - Current Budget – Insert the amounts for each budget line in the Requested Costs field of the “Budget”
 - Requested Change – This is where you will demonstrate the change that is being requested
 - For each budget line, you will either add, subtract, or reflect a \$0.00 amount based on where you are requesting to move funds on your project
 - Updated Budget – This field will automatically calculate based on the Current Budget amounts and the Requested Change amounts that have been entered
 - Notes – Provide a brief explanation to explain the revision for each budget line

Subaward Adjustments

- Enter budget totals into the “Federal/State and Local Match Share” section
 - Only complete the “Total Federal/State Share” column as there is no match with this grant program
 - The totals should match the spreadsheet you created.
 - Select “Save Grid”

 **Federal/State and Local Match Share - Edit** 

The **Current Budget** column represents the current subaward. Enter the total federal/state share and total local match share as it is reflected in the current version of the Budget component. The sum of the federal/state share and the local match share should equal the total of the Current Budget column above.

The **Revised Amount** column represents the requested, revised total of the budget as a result of the Subaward Adjustment. Therefore, enter the total federal/state share and the total local match share as it will be reflected in the revised version of the Budget component. The sum of the federal/state share and the local match share should equal the total of the Revised Amount column above.
