**Exercise Radio Role Call Exercise Script**

Starting the MOSWIN Radio Test: “This is the (date) Region H Healthcare Emergency Preparedness Coalition MOSWIN Radio Test (exercise name) on (talk group)”.

Calling for agencies: “Nodaway County Health Department (calling agency) to (agency) on (talk group) do you copy?”

Once the Agency replies: “Confirmed (agency) on (talk group) thank you”

If agency member does not reply after a second call out: “Nodaway County Health Department (calling agency) to (agency), Negative Contact.” *(The agency may hear you, but you cannot hear them and this lets them know).*

Continue down the list of agencies/participants.

Last Call: “Nodaway County Health Department (calling agency) now open for any Region H Healthcare Emergency Preparedness Coalition (exercise name) participant missed during the call on (talk group), please reply if missed.”

After the final agency is called, finish with: “This concludes the Region H Healthcare Coalition Radio Test (exercise name) on (talk group)”
