

**Missouri Department of Public Safety
Notice of Funding Opportunity
2017 State Homeland Security Program (SHSP)**

INTRODUCTION

The Missouri Office of Homeland Security is pleased to announce its funding opportunity of the FY2017 Program Guidance and Application for Funding. This state administered but federally funded program is made available through the Grants Programs Directorate (GPD) and National Preparedness Directorate (NPD) within the Federal Emergency Management Agency (FEMA).

GRANT OVERVIEW

The FY 2017 State Homeland Security Program plays an important role in the implementation of the National Preparedness System by supporting the building, sustainment, and delivery of core capabilities essential to achieving the National Preparedness Goal (the Goal) of a secure and resilient Nation. The building, sustainment, and delivery of these core capabilities are not exclusive to any single level of government, organization, or community, but rather, require the combined effort of the whole community, inclusive of children, individuals with disabilities and others with access and functional needs, diverse communities, and people with limited English proficiency. The FY 2017 SHSP supports core capabilities across the five mission areas of Prevention, Protection, Mitigation, Response, and Recovery based on allowable costs. The SHSP funds a range of preparedness activities, including planning, organization, equipment purchase, training, exercises, and management and administration. The anticipated performance period for this application is September 1, 2017 through August 31, 2019.

PURPOSE

The SHSP assists state, tribal and local preparedness activities that address high-priority preparedness gaps across all core capabilities and mission areas where a nexus to terrorism exists. SHSP supports the implementation of risk driven, capabilities-based approaches to address capability targets set in urban area, state, and regional Threat and Hazard Identification and Risk Assessments (THIRAs). The capability targets are established during the THIRA process, and assessed in the State Preparedness Report (SPR) and align to planning, organization, equipment, training, and exercise needs to prevent, protect against, mitigate, respond to, and recover from acts of terrorism and other catastrophic events.

ELIGIBLE APPLICANTS

The following Missouri entities are eligible to apply for 2017 SHSP funding:
