FY 2027 Counter Unmanned Aircraft Systems (C-UAS) Grant Program Application Workshop

Missouri Department of Public Safety/Office of Homeland Security

FY 2027 C-UAS Notice of Funding Opportunity (NOFO)

- The Missouri Department of Public Safety (DPS)/Office of Homeland Security (OHS) is pleased to announce the funding opportunity for the FY 2027 Counter-Unmanned Aircraft Systems (C-UAS) Grant Program.
- This is a state administered, but federally funded program, is made available through the U.S. Department of Homeland Security. The funding opportunity is made available through the Missouri Department of Public Safety's electronic WebGrants System, accessible online at: https://dpsgrants.dps.mo.gov
- The Notice of Funding Opportunity (NOFO) can be accessed at the following link: https://dps.mo.gov/dir/programs/ohs/grantstraining/ under Grant Applications and Forms and the section titled FY 2027 Counter-Unmanned Aircraft System (C-UAS) Grant Program
  - The NOFO contains information regarding the purpose/objectives of the program, eligibility, application requirements, allowable/unallowable costs, etc.

Key Dates

November 4, 2026:	C-UAS funding opportunity opens in WebGrants: https://dpsgrants.dps.mo.gov/
December 3, 2026:	C-UAS applications due in WebGrants **5:00 pm CST** **WebGrants will not accept any applications after this time!**
December 10 , 2026:	Project Start Date ****DO NOT PURCHASE ITEMS UNTIL AN AWARD IS RECEIVED****
December 9, 2028:	Project End Date

C-UAS Program Description

- The C-UAS Grant Program, established under the Working Families Tax Cut Act, 2025 (Pub. L. No. 119-21, Sec. 90005(a)), provides funding to enhance state and local capabilities to detect, identify, track, or monitor unmanned aircraft systems
- This funding supports U.S. state, local, tribal, and territorial governments in combatting the unlawful use of unmanned aircraft systems that pose a threat to the safety and security of the American people, communities, and institutions, critical infrastructure, and sensitive government operations, consistent with the SAFER SKIES ACT and the 6 C.F.R. Part 124, Counter-Unmanned Aircraft System Authority for state, local, tribal, and territorial law enforcement and correctional agencies
- For FY 2027, funding will have a focus on building national detection and response capacity across the nation, generally as well as an expanded focus on supporting the 2028 Summer Olympics and Paralympics
  - This round of funding must be strategically leveraged to support the Olympic torch relay, representing a vital operational priority to secure the relay's expansive domestic route and ensur seamless interagency coordination before the opening ceremonies

Goals and Objectives

- Primary objective is to ensure SLTT agencies and public safety entities have the resources, training, and operational capacity to detect, track, and identify UAS threats
- Program's goals are to:
  - Strengthen national preparedness by equipping SLTT agencies with C-UAS Grant Program's capabilities
  - Protect critical infrastructure, mass gatherings, and sensitive government operations from UAS threats
  - Support the deployment of fixed or portable systems for UAS detection, tracking, identification, and where authorized mitigation, consistent with applicable laws
    - DHS is strongly recommending radar systems
- FEMA created the C-UAS Grant Program to ensure SLTT agencies receive funds to purchase DIMT-M equipment or services for the detection, tracking, identification, and mitigation of UA and UAS signals consistent with the legal authorities of those SLTTs
- Under this program, SLTT entities and first responder and/or public safety entities may use federal funds through grant programs to purchase mobile systems that can detect, identify, monitor, track, and mitigate UAS threats consistent with applicable laws

Eligible Applicants

- Local government entities, including city and county agencies, law enforcement, correctional agencies, fire services, emergency medical services, emergency management, and other qualifying public safety organizations are eligible applicants

DPS Grants – State Requirements

- To be eligible for C-UAS funding, the applicant agency must be compliant with the following statutes, as applicable and must maintain compliance throughout the grant period of performance

Requirements below apply only to law enforcement agencies:

- Section 590.650 RSMo – **Vehicle Stops Report:** Pursuant to Section 590.650.3 RSMo, each law enforcement agency shall compile the data described in subsection 2 for the calendar year into a report to the attorney general and each law enforcement agency shall submit the report to the attorney general no later than March first of the following calendar year.
  - ***Faliure to submit the Vehicle Stops (Racial Profiling) Report will result in the automatic denial of the application.***

- Section 590.700 RSMo – **Written Policy on Recording of Custodial Interrogations:** Pursuant to Section 590.700.4 RSMo, each law enforcement agency shall adopt a written policy to record custodial interrogations of persons suspected of committing or attempting to commit felony crimes as outlined in subsection 2.

DPS Grants – State Requirements

- To be eligible for C-UAS funding, the applicant agency must be compliant with the following statutes, as applicable and must maintain compliance throughout the grant period of performance.

Requirements below apply only to law enforcement agencies:

- **Section 43.544 RSMo – Written Policy on Forwarding Intoxication-Related Traffic Offenses:** Pursuant to Section 43.544.1 RSMo, each law enforcement agency shall adopt a policy requiring arrest information for all intoxication-related traffic offenses be forwarded to the central repository as required by Section 43.503 RSMo.

- **Section 590.1265 RSMo – Police Use of Force Transparency Act of 2021:** Pursuant to Section 590.1265 RSMo, each law enforcement agency shall report data submitted under subsection 3 of this section to the department of public safety.
  - *For purposes of grant eligibility, law enforcement agencies will be considered non-compliant if they have not submitted Use of Force reports for three or more months in the previous 12 months.*
  - ***Agencies not compliant at the time of application will be ineligible for funding***

DPS Grants – State Requirements

- To be eligible for C-UAS funding, the applicant agency must be compliant with the following statutes, as applicable and must maintain compliance throughout the grant period of performance.

Requirements below apply only to law enforcement agencies:

- **Section 43.505 RSMo – Uniform Crime Reporting (UCR):** Pursuant to Section 43.505.3 RSMo, each law enforcement agency in the state shall: (1) Submit crime incident reports to the department of public safety on forms or in the format prescribed by the department; and (2) Submit any other crime incident information which may be required by the department of public safety.
  - *For purposes of grant eligibility, law enforcement agencies will be considered non-compliant if they have not submitted MIBRS reports for three or more months in the previous 12 months.*
  - ***Applicants not compliant at the time of application will be ineligible for funding.***
- **Section 590.030 RSMo – Rap Back Program Participation:** Pursuant to Section 590.030 RSMo, all law enforcement agencies shall enroll in the state and federal Rap Back programs on or before January 1, 2022 and continue to remain enrolled. The law enforcement agency shall take all necessary steps to maintain officer enrollment for all officers commissioned with that agency in the Rap Back programs. An officer shall submit to being fingerprinted at any law enforcement agency upon commissioning and for as long as the officer is commissioned with that agency.

DPS Grants – State Requirements

- To be eligible for C-UAS funding, the applicant agency must be compliant with the following statutes, as applicable and must maintain compliance throughout the grant period of performance.

Requirements below apply only to fire agencies:

- **Section 320.271 RSMo – Fire Department Registration:** Pursuant to Section 320.271 RSMo, all fire protection districts, fire department, and all volunteer fire protection associations as defined in section 320.300 shall complete and file with the state fire marshal within sixty days after January 1, 2008 and annually thereafter; a fire department registration form provided by the state fire marshal.

DPS Grants – State Requirements

- To be eligible for C-UAS funding, the applicant agency must be compliant with the following statutes, as applicable and must maintain compliance throughout the grant period of performance.

Requirements below apply only to EMS agencies:

- **Section 190.105 RSMo – Ambulance License:** Pursuant to section 190.105 RSMo, no person, either as owner, agency or otherwise, shall furnish, operate, conduct, maintain, advertise, or otherwise be engaged in or profess to be engaged in the business or service of the transportation of patients by ambulance in the air, upon the streets, alleys, or any public way or place of the state of Missouri unless such person holds a currently valid license from the department for an ambulance service pursuant to the provisions of sections 190.001 RSMo to 190.245

- **Section 190.133 RSMo – Emergency Medical Response Agency License:** Pursuant to section 190.133(4) RSMo, no person or entity shall hold itself out as an emergency medical response agency that provides advanced life support or provide the services of an emergency medical response agency that provides life support unless such person or entity is licensed by the state of Missouri Department of Health and Senior Services

Ineligible Applicants

- Nonprofit agencies
- For-profit agencies

Maximum Award

- The is no maximum award
- This program is competitive through DHS/FEMA among all states and territories
  - The Missouri Department of Public Safety gets an allocation of $4,119,355

General Funding Requirements

- Costs charged to federal awards (including federal and non-federal cost share funds) must comply with applicable statutes, rules and regulations, policies, this NOFO, and the terms and conditions of the federal award
- This includes among other requirements, that cost must be incurred, and products and services must be delivered within the budget period
- Subrecipients may not use federal funds or any cost share funds for the following activities:
  - Matching or cost sharing requirements for other federal grants and cooperative agreements
  - Lobbying or other prohibited activities under 18 U.S.C. § 1913 or 2 C.F.R. § 200.450
  - Prosecuting claims against the federal government or any other government entity
  - Any activities inconsistent with Federal laws and any laws or regulations applicable to their jurisdiction. Such activities must also be consistent with the First and Fourth Amendments to the Constitution

Prohibitions on Covered Equipment or Services

- FEMA Policy Prohibitions on Expending FEMA Award Funds for Covered Telecommunications Equipment or Services (FEMA Policy #405-143-1)
  - This policy outlines specific requirements related to the prohibition
  - Subrecipients and their contractors or subcontractors must comply with the prohibitions set forth in Section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019, which restrict the purchase of covered telecommunications and surveillance equipment and services.

- Must comply with Section 1825 of the American Security Drone Act of 2023, enacted as part of the National Defense Authorization Act for Fiscal Year 2024 (Pub. L. No. 118-31 §§ 1821-33, 41 U.S.C. 3901 note prec.)
  - This provision mandates that, beginning December 22, 2025, no federal funds awarded through a contract, grant, or cooperative agreement, or otherwise made available may be used to procure a covered unmanned aircraft system (UAS) that is manufactured or assembled by a covered foreign entity

Application Criteria

- Applicants must clearly describe the operational need for UAS detection capabilities in their jurisdiction, including specific threats, vulnerabilities, or gaps that the project will address
- The Investment Justification (IJ) must outline the proposed project and implementation plan, detailing the activities to be undertaken, the timeline for completion, and how the project will enhance UAS detection, tracking, and response capabilities
- Applicants must include a detailed budget that breaks down costs by category (e.g., Planning, Organization, Equipment, Training, and Exercises) and provides justification for each expense
- All submissions must adhere to the requirements outlined in the NOFO and comply with applicable federal laws and regulations

Funding Categories and Technologies

- Allowable costs for the C-UAS Grant Program fall into the following categories
  - Planning
  - Organization
  - Equipment
  - Training
  - Exercises

Funding Categories and Technologies

- To the extent possible, costs should be in support of National Special Security Event or Special Event Assessment Rating (SEAR) events, including prioritizing C-UAS planning and capabilities that address preparation for the 2028 Olympic and Paralympic Games, Torch Relay, and other ancillary events
- All costs must have a demonstrated nexus to achieving target capabilities related to preventing, preparing for, protecting against, and responding to acts of terrorism in accordance with 6 U.S.C. §§ 609(a) and 605(a)
  - Funds may also be used in a manner than enhances preparedness for disasters unrelated to acts of terrorism, if such use assists such governments in achieving target capabilities related to preventing, preparing for, protecting against, or responding to acts of terrorism, pursuant to 6 U.S.C. § 609(c).
- DHS strongly encourages subrecipients to use this grant to procure active radar or passive radar capabilities with a mission-appropriate use case and a basic siting, coverage, and integration concept

Funding Categories and Technologies - Planning

- **Planning**
  - Developing or updating C-UAS response plans that integrate detection systems into existing emergency operations plans (EOPs) or incident command systems
  - Conducting risk assessments to identify high-priority areas for UAS detection, such as critical infrastructure, public events, or disaster-prone areas
  - Developing standard operating procedures (SOPs) for responding to unauthorized or malicious UAS activity
  - Coordinating with federal agencies (e.g., FAA, DHS, DOJ, FCC) to ensure compliance with federal laws and regulations governing UAS detection and mitigation
  - Establishing information-sharing protocols with fusion centers, law enforcement, and other stakeholders to disseminate UAS-related threat intelligence
  - Planning for the integration of UAS detection systems with existing public safety technologies, such as Geospatial Information Systems (GIS) platforms or computer-aided dispatch (CAD) systems

*Reference Appendix A of the NOFO for additional information

Funding Categories and Technologies - Organization

- **Organization**
  - Salaries for personnel supporting C-UAS operations

*Reference Appendix A of the NOFO for additional information

Funding Categories and Technologies - Equipment

- **Equipment**
  - Entities must purchase technologies or systems that are included on an ATL and ASL maintained jointly by the Department of Justice, the Department of Homeland Security, the Department of War, the Department of Transportation, the Federal Communications Commission, and the National Telecommunications and Information Administration
    - These lists can be accessed on the designated Federal C-UAS coordination portal (FBI's LEEP Justice Connect Portal: justiceconnect.cjis.gov/) after successful completion of the required training
  - Operational use of such equipment is limited to eligible SLTT law enforcement or correctional agencies with FBI NCUTC-certified personnel

*Reference Appendix A of the NOFO for additional information

Funding Categories and Technologies - Equipment

- **Equipment**
  - Equipment funding under this grant program may be used for:
    - Active Radar
    - Passive Radar – Radio Frequency
    - EO/IR Cameras
    - RF Direction Finding Systems
    - Passive Acoustic Systems
    - Remote ID and similar broadcast beacon receivers
    - Mitigation System
  - This grant may be used to purchase other equipment required to deploy, operate, and maintain the aforementioned sensors, such as:
    - Vehicles, trailers, generators, etc. required to transport and deploy DIMT-M capabilities
    - Services, subscriptions, software licenses
    - Equipment required to connect sensors, to include traditional networking equipment, as well as tactical systems such as Point-to-Point links and mesh networking
    - Operations and maintenance
    - Third Party Data Service Providers

*Reference Appendix A of the NOFO for additional information

Funding Categories and Technologies - Equipment

- **Equipment**
  - Mitigation Equipment Requirements
    - Funds for C-UAS mitigation capabilities (e.g., kinetic or non-kinetic technologies used to disable, destroy, or seize control of UAS during flight) may only be authorized for law enforcement or correctional agencies where the application identifies a designated operating agency (an SLTT law enforcement or correctional agency) that meets the Training Requirement and the Use and Certification Requirement of the NOFO, including NCUTC Mitigation Certification (or enrollment) for named personnel and agency accreditation under 6 C.F.R. § 124.6 and 28 C.F.R. Part 124. Correctional agencies whose personnel will operate only at correctional facilities may satisfy the certification requirement through the abbreviated Correctional Mitigation Certification under § 124.5(e)
    - Must be within a technology category on the Authorized Technologies List and where the Authorized Systems List has been populated for that category, must be a system listed on the Authorized Systems List
    - Limited to technology that provides not just portable, but mobile capabilities
      - Limited to hand-held or vehicle-emplaced mobile equipment
    - Mitigation-certified personnel may employ systems only in the technology categories covered by the NCUTC mitigation courses they have completed (§ 124.7(d)).

*Reference Appendix A of the NOFO for additional information

Funding Categories and Technologies – Training and Travel

- **Training and Travel**
  - Training programs for C-UAS systems
  - Attendance at FBI NCUTC
  - Necessary related travel costs for C-UAS personnel adhering to federal U.S General Services Administration standards and policy
  - Providing hands-on training for first responders on the operation of specific UAS detection systems
  - Conducting train-the-trainer programs to build local capacity for ongoing training efforts
  - Providing scenario-based training to prepare responders for real-world UAS threats, such as swarming drones or UAS equipped with payloads
  - Training personnel on the interpretation of UAS detection data and the integration of this data into decision-making processes

*Reference Appendix A of the NOFO for additional information

Funding Categories and Technologies - Exercising

- **Exercising**
  - Conducting tabletop exercises (TTXs) to simulate UAS-related incidents and test response plans, SOPs, and coordination protocols
  - Organizing functional exercises (FXs) to test the operation of UAS detection systems and the integration of these systems with other public safety technologies
  - Running full-scale exercises (FSEs) to simulate large-scale UAS threats, such as unauthorized UAS activity at a public event or near critical infrastructure
  - Including multi-jurisdictional exercises to test coordination between state, local, tribal, and federal agencies, as well as private sector partners
  - Conducting after-action reviews (AARs) to identify lessons learned and areas for improvement following exercises
  - Incorporating UAS detection scenarios into broader homeland security exercises, such as those focused on terrorism or disaster response

*Reference Appendix A of the NOFO for additional information

Unallowable Costs

- C-UAS mitigation equipment is not authorized if it is not mobile
- General-use facility expenditures, to include, but not limited to ordinary facility maintenance, contracts for maintenance, and specifically backup or emergency generators
- General vehicle maintenance, service contracts, or warranties for projects or equipment not funded by the grant award
- Expenditures for items such as general-use software (word processing, spreadsheet, graphics, etc.), general-use computers and related equipment, general-use vehicles, licensing fees, recurring operating costs (e.g., cell phone services, maintenance contracts)
- Organizational operating expenses
- Personnel costs, to include, but not limited to, overtime and backfill (except as detailed within this NOFO). Personnel costs are only allowable when directly related to the purpose of the NOFO and approved projects

Unallowable Costs

- Activities not directly related to the completion or implementation of C-UAS Grant Program-funded projects and activities
- Other indirect costs (meaning property purchase, depreciation, or amortization expenses)
- Initiatives in which federal agencies are the beneficiary or that enhance federal property
- Initiatives which study technology development
- Proof of concept initiatives
- Per FEMA policy and published in Information Bulletin No. 530, the purchase of weapons and weapons accessories, including ammunition, is not allowed with C-UAS funds. Grant funds may not be used for the purchase of the following equipment: firearms, ammunition, grenade launchers, bayonets, or weaponized aircraft, vessels, or vehicles of any kind with weapons installed. (For the purpose of this NOFO, "weaponized aircraft", vessels, or vehicles, do not include approved kinetic or non-kinetic mitigation technologies on the Authorized Technologies List established pursuant to 6 C.F.R. Part 124.

Application Requirements

- Applications will only be accepted through the DPS online WebGrants System
- The following forms must be completed as part of the WebGrants System
  - Contact Information
  - DPS Grants State Requirements
  - Certified Assurances
  - Named Attachments
    - The following are required to be submitted in the Named Attachments component of the WebGrants application
      - Audit/Financial Statement
      - Investment Justification
      - Quote for C-UAS equipment and supplies/operations
    - The following are encouraged to be submitted in the Named Attachments component of the WebGrants application
      - Training Certification/Enrollment
      - Other Supporting Information (up to 5 attachments)

Investment Justification

- The Investment Justification (IJ) can be found as an attachment in the WebGrants System and https://dps.mo.gov/dir/programs/ohs/grantstraining/ under Grant Applications and Forms, FY 2027 Counter-Unmanned Aircraft Systems (C-UAS) Grant Program Investment Justification Form
- The Investment Justification must be submitted as an attachment to the application through the WebGrants System
- Appendix B of the Notice of Funding Opportunity (NOFO) contains instructions and helpful information for completing the Investment Justification
- **The Investment Justification is the MAIN component and the application and what will be sent to DHS/FEMA to be competitively scored among other states!**
  - Be sure the information provided is clear, contains all information requested, and explains the project thoroughly

Investment Justification

- The Investment Justification contains 10 sections
  - Section 1: Cover/Contact Information
  - Section 2: Executive Summary
  - Section 3: Project Description
  - Section 4: Capability Gap
  - Section 5: Project Objectives
  - Section 6: Strategic Plan Alignment
  - Section 7: Implementation Plan (Timeline/Milestones)
  - Section 8: Performance Goals & Measurement (NOFO aligned)
  - Section 9: Policy and Compliance
  - Budget
- Budget
  - A & B: Personnel/Fringe Benefits
  - C: Travel
  - D: Equipment
  - E: Supplies
  - F: Consultants/Contractors
  - G Other Costs
  - H: Management and Administration (M&A)

Investment Justification

- Instructions
  - This template is designed to capture information necessary to determine funding requests and subsequent prioritization
  - Failing to provide the necessary information may limit the evaluator's ability to properly assess project effectiveness
  - Consistency in formation will help ensure consistent reviews and results
  - Applicants are required to complete the IJ and attach it in the “Named Attachments” component of their application.

Investment Justification

- Complete the “Subapplicant” tab of the IJ
- Use the tab labeled SAMPLE – Raccoon City as a guide on how to complete the IJ

Investment Justification

- Section 1: Cover/Contact Information
  - NOTE: “Project Amount” auto populates, DO NOT EDIT!

Section 1: Cover/Contact Information				
Subrecipient:				
Project Title:				
Project Amount:	$0	*NOTE: Project Amount autopopulates from budget. Do not edit.		
Point of Contact	*(Name)*	*(Title)*	*(E-Mail)*	*(Phone)*
Agency Certifying Official	*(Name)*	*(Title)*	*(E-Mail)*	*(Phone)*

Investment Justification

- Section 2: Executive Summary

Section 2: Executive Summary	
Narrative:	*e.g.This project will deploy a multi-sensor C-UAS detection and mitigation system at Metro Stadium to protect large-scale events, including the 2026 FIFA World Cup. The project will enhance public safety, support mutual aid, and comply with all federal and state requirements.*
Eligibility Statement	*I certify that I am an eligible state administrative authority. I have read and will abide by the requirements of the C-UAS*

Investment Justification

- Section 3: Project Description
  - Answer Yes/No and provide a brief explanation

Section 3: Project Description (answer yes or no and provide a brief explanation)		
Planned Activites/Services/Equipment	*Yes*	e.g. Install 4 radar sensors and 2 PTZ cameras with AI connectors for +D14:I22360-degree stadium coverage. Provide operator training and develop SOPs for event response.
Training/Exercise/Security Planning	*Yes*	e.g. 2 police officers attending DTI-M training at FBI Schoolhouse.
Mitigation Capabilities	*Yes*	e.g. Includes jammers and net systems for authorized mitigation.
Radar Use Case	*Yes*	e.g. 4 radars for perimeter detection.
EO/IR Integration	*Yes*	e.g. Cameras provide day/night coverage and integrate with radar.
Passive RF (DF methods)	*Yes*	e.g. integrated passive detection built into radar system.
Remote ID Compliance	*Yes*	*e.g. Yes. System compliant with ASTM F3411-22a.*
DTI Description	*Yes*	*e.g. System detects, tracks, and identifies UAS using radar and EO/IR integration.*
Deployment/Connectivity Elements	*Yes*	*e.g. Includes network switches, backup generator, and secure data links.*
SaaS/Data Sharing Alignment	*Yes*	*e.g. Yes. Data sharing via secure cloud service with DHS.*

Investment Justification

- Section 4: Capability Gap
  - Answer Yes/No and provide a brief explanation

Section 4: Capability Gap		
Capability Gap	*Yes*	*Use this field for a summary statement of the overall deficiency or unmet need. e.g. Yes. Data sharing via secure cloud service with DHS.*
Threats/Vulnerabilities	*Yes*	*The risk that harmful events (e.g., unauthorized drones) could exploit weaknesses in our systems or procedures to cause harm. E.g. Large public events are vulnerable to unauthorized drone activity, posing risks to public safety and critical infrastructure.*
Current System Gaps	*Yes*	*Use this field to list or describe the specific factors (equipment, training, policy, etc.) that make up the broader capability gap. E.g. No integrated detection or response protocols for UAS threats.*

Investment Justification

- Section 5: Project Objectives
  - Select Yes/No/Not Applicable from the dropdown and provide a brief explanation

Section 5: Project Objectives		
Project Objectives		*e.g. Enhance detection, tracking, and mitigation of UAS threats at Metro Stadium. Train 10 operators*
C-UAS Priority link		*e.g. Objective 1: Enhance UAS detection and response capabilities.*
Public Safety Impact		*e.g. Improved safety for event attendees and first responders.*
Other		
Other		

Investment Justification

- Section 6: Strategic Plan Alignment
  - List plan or plans in which your agency is included as a participant in CUAS capabilities
    - (Insert additional rows if needed)
  - Describe your roles and contribution to addressing/implementing CUAS capabilities.
    - E.g. We are the primary law enforcement agency responsible for proving drone detection and tracking capabilities

Section 6: Strategic Plan alignment	
Coordination/Implementation Plan(s)	**Role/contribution within plan**
List plan or plans in which your agency is included as a	*Describe your roles and contribution to addressing/implementing CUAS capabilities. E.g. We are the*
List plan or plans in which your agency is included as a	*Describe your roles and contribution to addressing/implementing CUAS capabilities. E.g. We are the*

List plan or plans in which your agency is included as a	*Describe your roles and contribution to addressing/implementing CUAS capabilities. E.g. We are the*

Investment Justification

- Section 7: Implementation Plan (Timeline/Milestones)
  - List specific project activities/objectives
  - Identify milestones required to complete each project activities/objectives identified along with start and end dates
  - All work must be completed within the period of performance!

Section 7: Implementation Plan (Timeline/Milestones) *Identify milestones required to complete project activities/objectives.* **All work must be completed within the period of performance.**							
Project activities/objectives	**Milestone 1**	**Milestone 2**	**Milestone 3**	**Milestone 4**	**Milestone 5**	**Start Date**	**End Date**
e.g. OR/IR Integration	*e.g. Complete site survey and receive FEMA EHP approval*	*Install equipment*	*Train operators*	*Utilize equipment and share feed with partner agencies.*	*Final drawdown, reporting and closeout*	*7/1/2027*	*12/31/2027*
e.g. Train and certify all designated operators	*Register for approved training courses*	*Train operators*	*Utilize equipment*	*Final drawdown, reporting and closeout*		*7/1/2026*	*12/31/2026*
e.g. Deploy and integrate C-UAS detection and, if authorized, mitigation systems	*Procure previously identified mitigation equipment.*	*Receive mitigation training at the FBI Schoolhouse.*	*Utilize equipment at Summer Olympics event*	*Consolidate, analyze and share data and lessons learned.*	*Final drawdown, reporting and closeout*	*7/1/2026*	*12/31/2026*

Investment Justification

- Section 8: Performance Goals & Measurement (NOFO aligned)
  - Complete “Baseline” and “Target” columns
  - Leave “Actual” blank

Section 8: Performance Goals & Measurement (NOFO aligned) *Complete the "Baseline" and "Target" columns*				
Retain for future use. Reporting requirements should measure project effectiveness in addressing performance goals.				
Goals	**Performance Measure**	**Baseline**	**Target**	Actual (upon closeout)
1.a. Strengthen national preparedness by equipping SLTT agencies with C-UAS Grant Program capabilities.	Percentage of funds utilized for purchase of C-UAS equipment. (Program Target 70%)	*e.g. no C-UAS equipment is owned*	*e.g. 70% of this project funded C-UAS equipment*	
1.b. Strengthen national preparedness by equipping SLTT agencies with C-UAS Grant Program capabilities.	Percentage of funds utilized for purchase of C-UAS services. (Program Target 10%)	*e.g. no C-UAS services available*	*e.g. 10% of this project funded C-UAS services*	
1.c. Strengthen national preparedness by equipping SLTT agencies with C-UAS Grant Program capabilities.	Percentage of funds utilized for training personnel in the operation of C-UAS technology. (Program Target 20%)	*e.g. 0 staff trained/certified*	*e.g. 20% of program funds were used to train/certify designated staff*	
2.a. Protect critical infrastructure, mass gatherings, and sensitive government operations from UAS threats.	80% of mitigation systems procured through the C-UAS Grant Program used to protect the 2028 Olympic and paralympic Games, other National Special Security Events or Special Event Assessment Rating activities in conjunction with Federal authorities.	*e.g. 0% C-UAS deployment at SEAR/NSSE events*	*e.g. 80% C-UAS deployment at SEAR/NSSE events*	
2.b. Protect critical infrastructure, mass gatherings, and sensitive government operations from UAS threats.	Successfully identify and classify 90% of detected UAS threats (e.g., distinguishing between commercial, recreational, and potentially malicious UAS).	*e.g. 0% classification of detected UAS*	*e.g. 90% classification of detected UAS*	
2.c. Protect critical infrastructure, mass gatherings, and sensitive government operations from UAS threats.	Make equipment available for interagency deployment throughout state for mass gathering events.	*e.g. 3 memorandums of agreement*	*e.g. 10 memorandums of agreement*	
3. a. Support the deployment of fixed or portable systems for UAS detection, tracking, identification, and—where authorized—mitigation, consistent with applicable laws.	Total number of hours each system is in active use since acquisition	*e.g. 0 hours active*	*e.g. 500 hours active*	
3.b. Support the deployment of fixed or portable systems for UAS detection, tracking, identification, and—where authorized—mitigation, consistent with applicable laws.	Cumulative number of UAS detections made by systems including repeated detections of the same UAS	*e.g. 0 UAS detections*	*e.g. 735 UAS detections*	
3.c. Support the deployment of fixed or portable systems for UAS detection, tracking, identification, and—where authorized—mitigation, consistent with applicable laws.	Number of distinct UAS identified, ensuring that multiple detections of the same UAS are counted as a single unique even	*e.g. 0 UAS identified*	*e.g. 735 UAS identified*	
3.d. Support the deployment of fixed or portable systems for UAS detection, tracking, identification, and—where authorized—mitigation, consistent with applicable laws.	Launch criminal investigations on 100% of identified violations of civil and criminal laws when UAS operators endanger the public, violate established airspace restrictions, or operate a UAS in furtherance of an element of another crime. (Include Total number of investigations launched based on intelligence provided by C-UAS)	*e..g 0% operational, 0 investigations*	*e.g. 100% operational by end of project period; investigated 735 of 735 detected UAS.*	

Investment Justification

- Section 9: Policy and Compliance
  - Answer Yes/No and state intent/status

Section 9: Policy and Compliance: Answer Yes/No and state intent/status		
DHS/DOJ Policy Commitment	*Yes*	*e.g. Yes. Will comply with all DHS/DOJ C-UAS policies.*
Privacy Protections	*Yes*	*e.g. Policies are in place for data minimization, access controls, and compliance with state law.*
Operational Coordination	*Yes*	*e.g. Have MOU with FBI and DHS for event support.*
FCC/FAA Compliance	*Yes*	*e.g. All operations will comply with FCC/FAA regulations.*
Special Events Support	*Yes*	*e.g. Yes. Will support regional special events upon request*
Mutual Aid Agreements	*Yes*	*e.g. Yes. Mutual aid with county law enforcement.*
Data Sharing	*No*	*e.g. Currently unavailable, Intend to develop a cloud-based sharing with DHS per vendor contract.*
Federal Statutes Compliance	*Yes*	*e.g. Yes. Will comply with all federal statutes and directives.*

Investment Justification

- Budget
  - Complete each section as requested
  - Leave SME Recommendations column(s) and Comments column(s) blank!

- Only the Budget Sections that you are requesting costs for need to be completed
  - Examples:
    - If you are only requesting Equipment costs, you only need to complete section D for Equipment
    - If you are requesting Equipment and Training costs, you will need to complete section D for Equipment and section C. for Training

Investment Justification

- Once all the above sections have been completed
  - The Investment Justification is completed, you DO NOT need to complete any additional sections of the form
- The IJ will need to be attached in the “Named Attachments” component in WebGrants

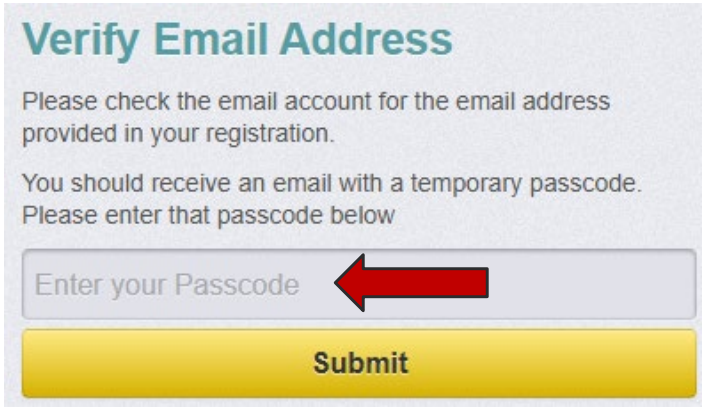

STOP: Application is complete. Verify services, equipment, quantities and costs are accurate. Send your project to the SAA for collection and review.

WebGrants Application

- Login or register as a new agency at: https://dpsgrants.dps.mo.gov
  - If your agency is already registered in the system, someone with access will need to add new users

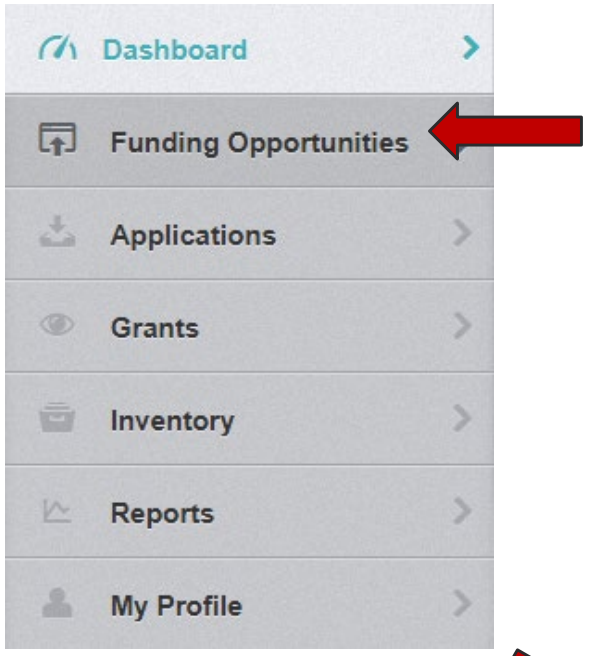

- Two-factor authentication: Enter the one-time passcode sent to your email by WebGrants and select, “Submit”

FY 2027 Counter-Unmanned Aircraft Systems (C-UAS) Funding Opportunity

- Select “Funding Opportunities” and then select the “FY 2027 Counter-Unmanned Aircraft Systems (C-UAS) Grant Program” funding opportunity

ID	Status	Agency	Program Area	Title	Posted Date	Final-Application Due Date
64489	Test	Missouri Office of Homeland Security Grants	Counter-Unmanned Aircraft Systems Grant Program	FY 2027 Counter-Unmanned Aircraft Systems (C-UAS) Grant Program TEST		Dec 3, 2026 5:00 PM

Funding Opportunity Details

- The Funding Opportunity Details contains the following information to assist in the application process:
  - Description
  - Attachments
    - FY 2027 C-UAS Notice of Funding Opportunity (NOFO)
    - FY 2027 C-UAS Certified Assurances
    - FY 2027 C-UAS Application Workshop
    - FY 2027 C-UAS Investment Justification
  - Website Links
    - Office of Homeland Security – Grants Section

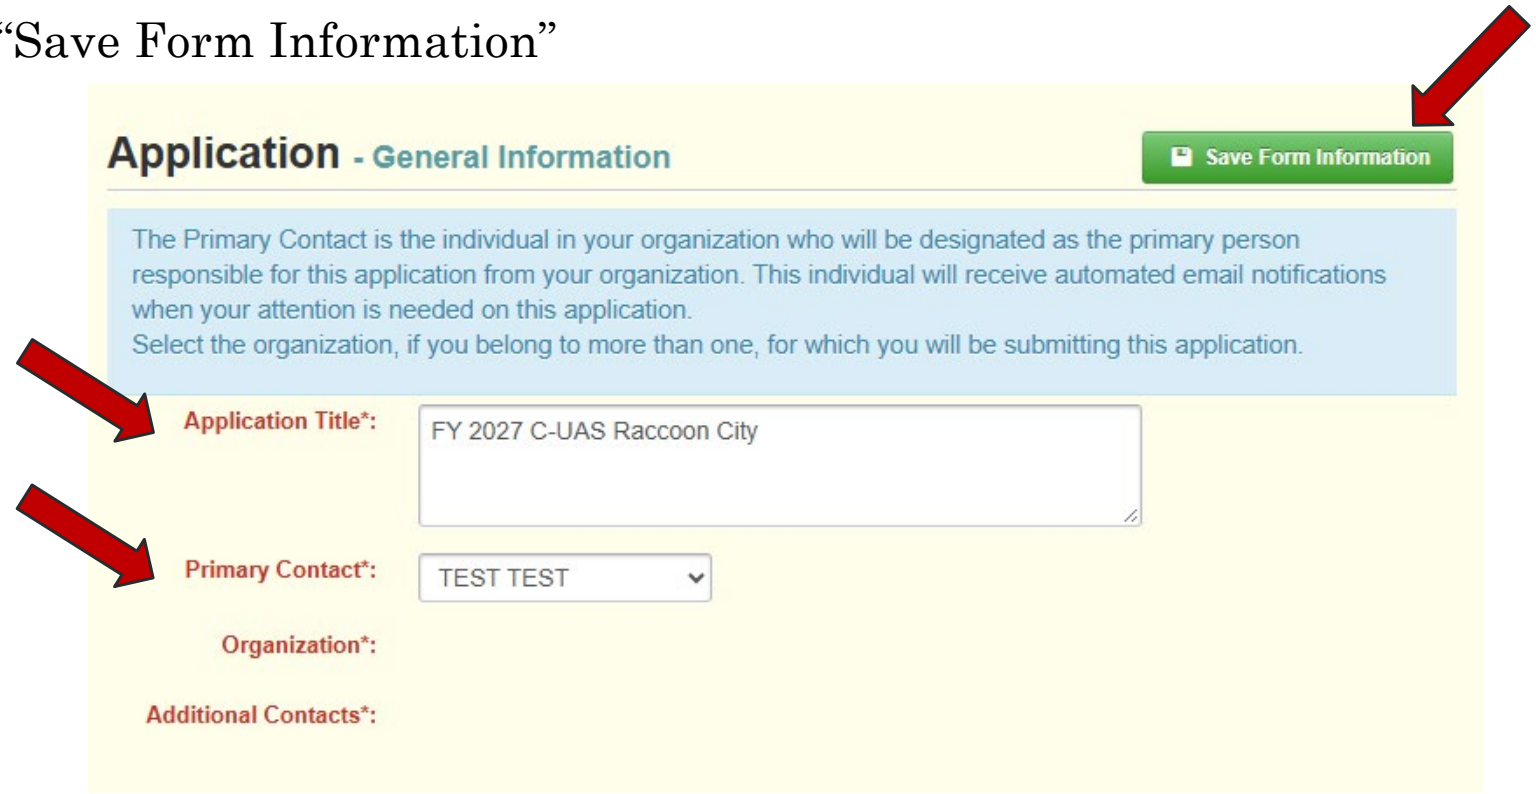

Start New Application

- Select “Start a New Application”

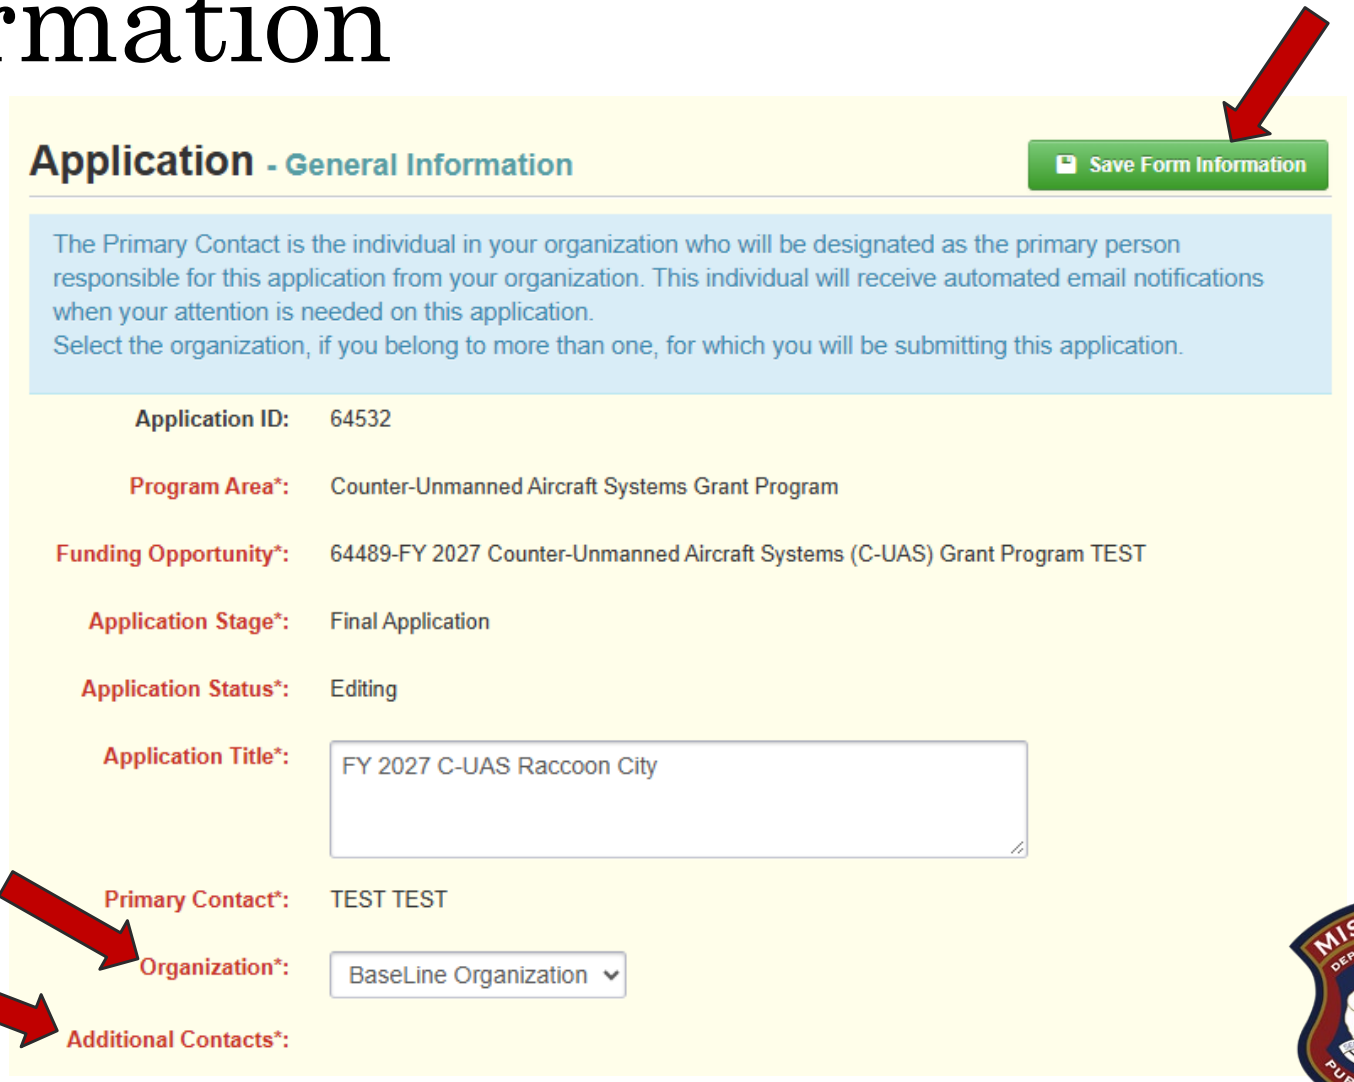

General Information

- Complete the General Information Component
  - Application Title: Enter FY 2027 C-UAS and name of the agency
  - Primary Contact: Select the primary contact for the application
- Select “Save Form Information”

General Information

- Complete the General Information Component
  - Organization: Select the organization the application is being submitted for
  - Additional Contacts: Select additional contacts on the application
- Select “Save Form Information”

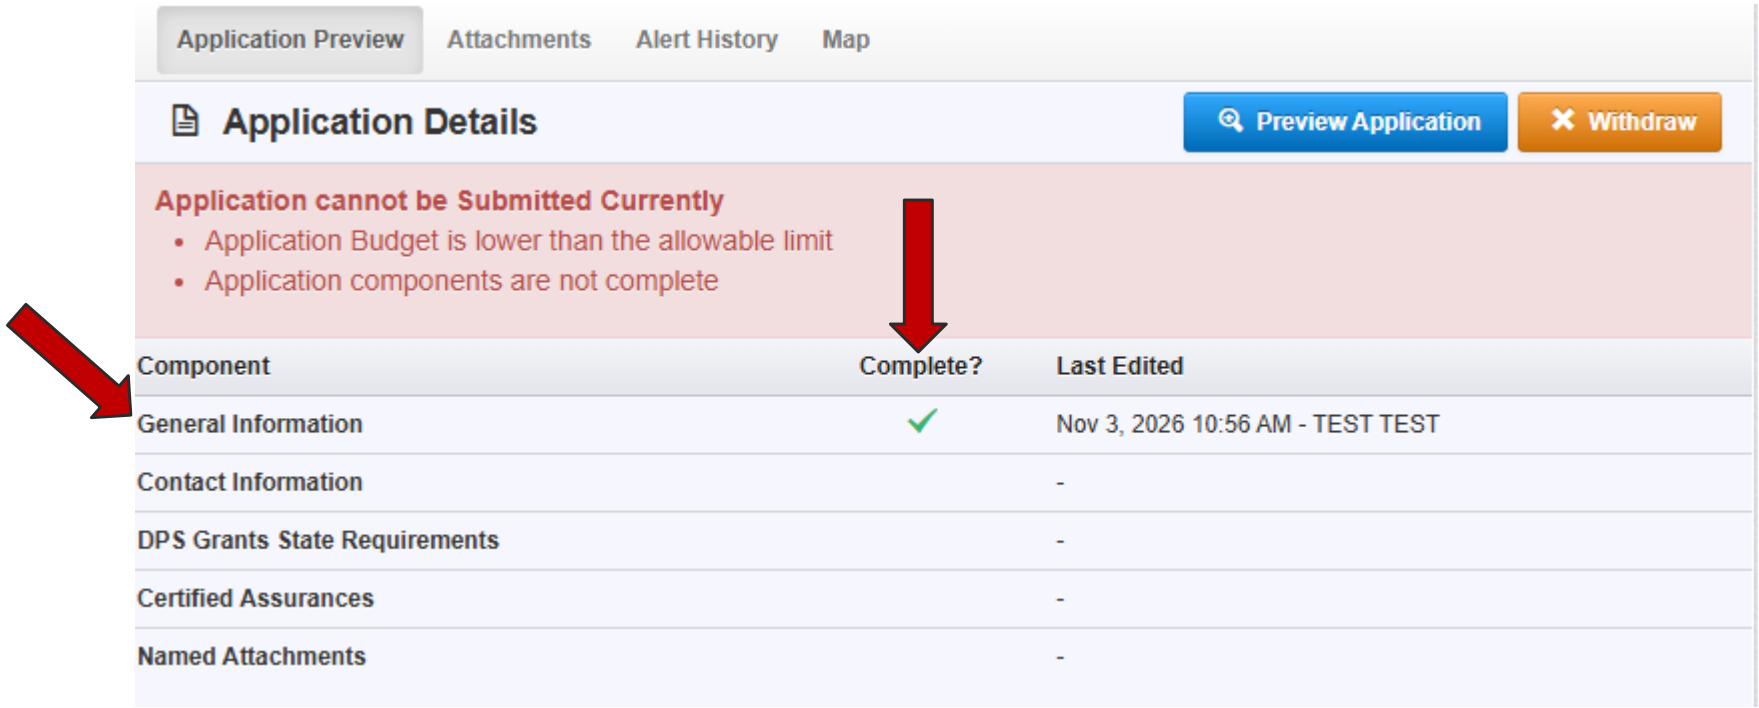

Application Forms

- The FY 2027 C-UAS Application will include 5 forms:
  - General Information
  - Contact Information
  - DPS Grant State Requirements
  - Certified Assurances
  - Named Attachments

Application Forms

- After the “General Information” Component has been completed, the application forms will appear
  - Complete each of the application forms and select “Save” and “Mark as Complete”
  - **All forms MUST be marked complete to “Submit” your application**

Contact Information

- Select “Contact Information”
- Complete all contact information for:
  - Authorized Official
  - Project Director
  - Fiscal Officer
  - Project Contact Person – if different than the Project Director
- Required fields are in **red**

Authorized Official*:

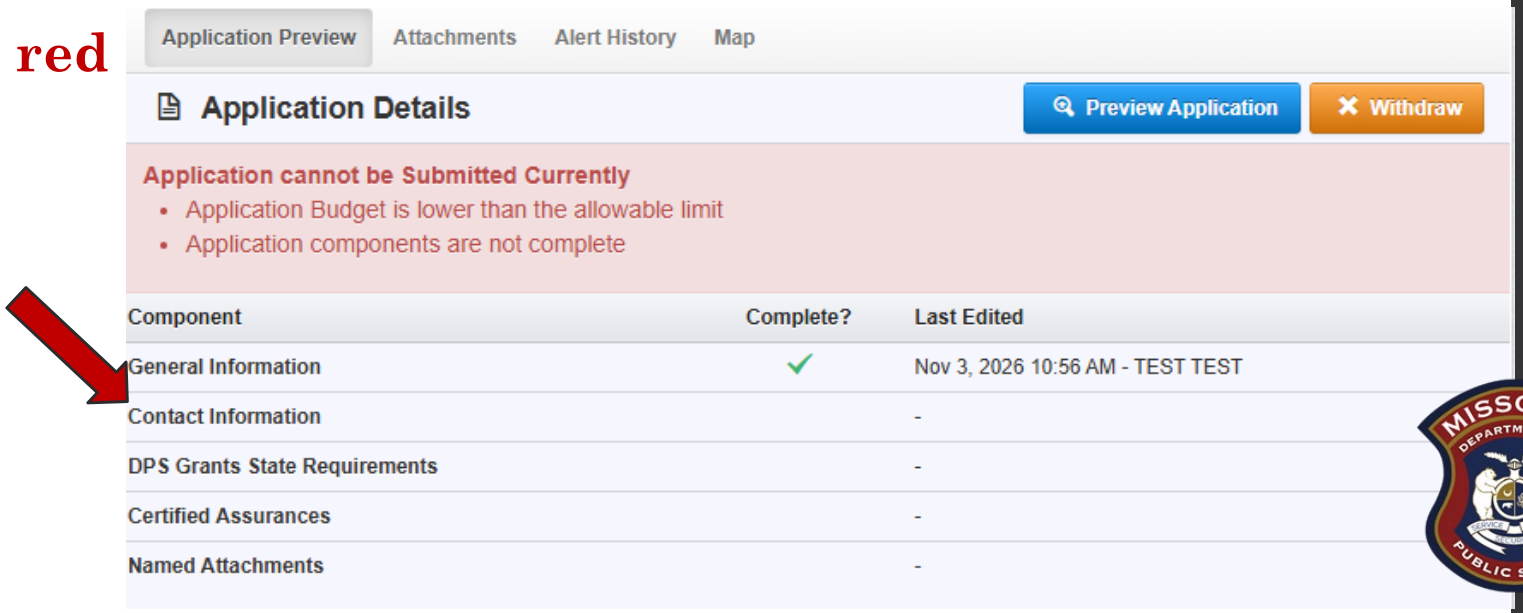

Job Title*:

Agency*:

Mailing Address*:

Street Address 1:

Street Address 2:

Contact Information

- The Authorized Official is the individual who has the authority to legally bind the applicant into a contract and is generally the applicant's elected or appointed chief executive. For example:
  - If the applicant is a county, the Presiding County Commissioner or County Executive shall be the Authorized Official
  - If the applicant agency is a city, the Mayor or City Administrator shall be the Authorized Official
  - If the applicant agency is a State Department, the Director shall be the Authorized Official
  - If the applicant agency is a special district, such as Fire Protection District or Ambulance District, the Board Chair/President shall be the Authorized Official

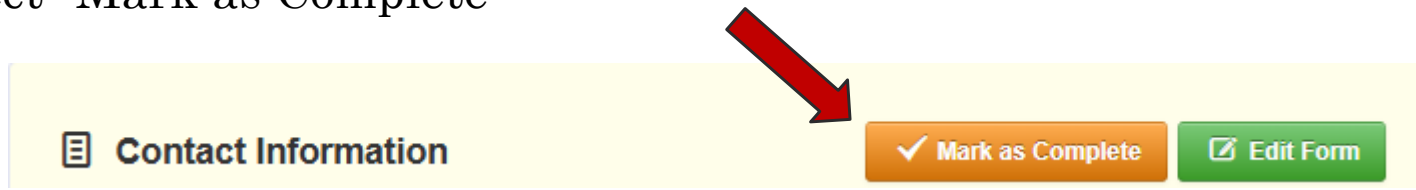

The agency's correct Authorized Official must be designated in the "Contact Information" form and the "Certified Assurances" form

Contact Information

- When you have completed all contact information, select “Save Form”

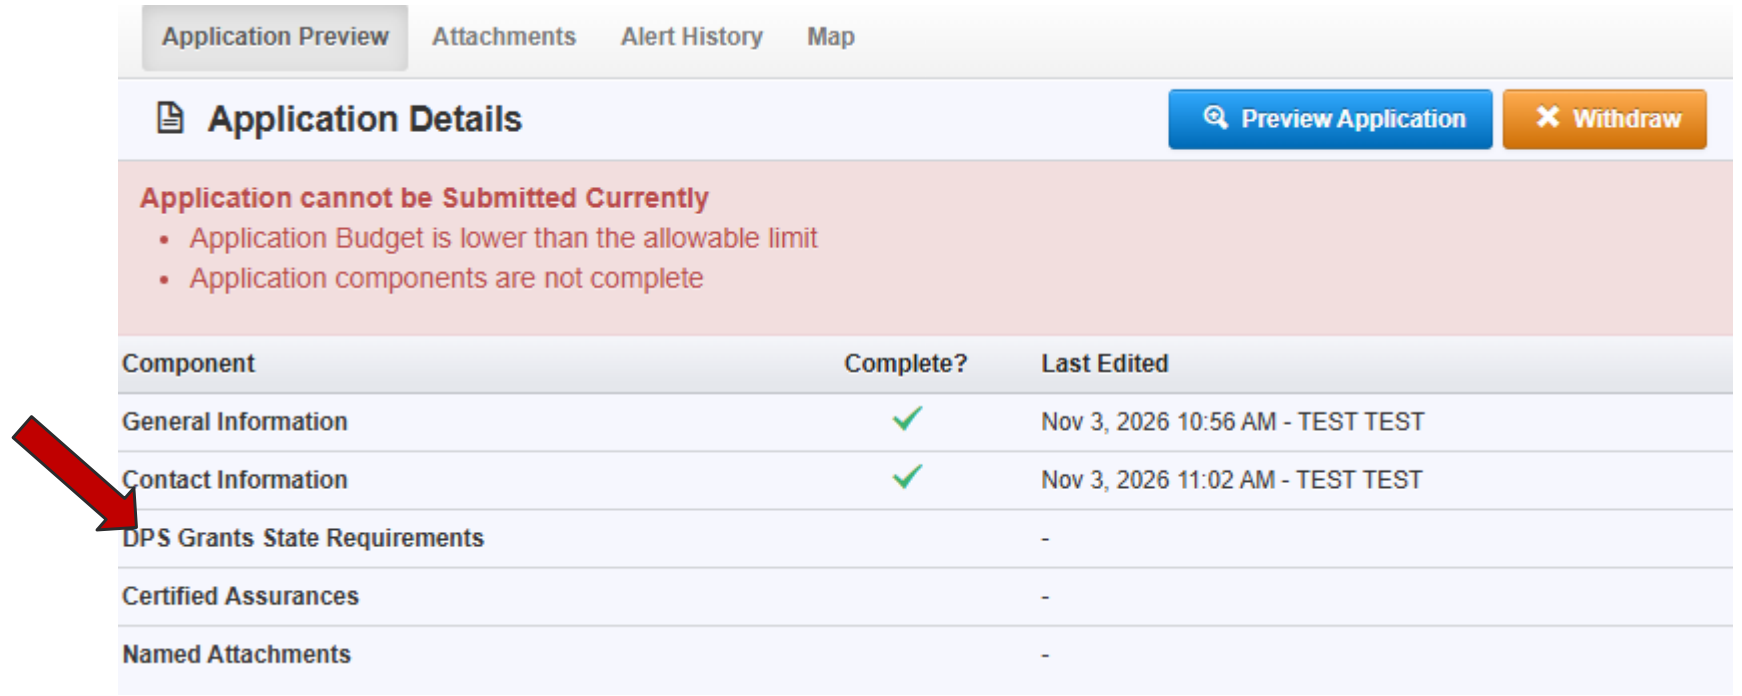

- Select “Mark as Complete”

DPS Grants State Requirements

- Select “DPS Grants State Requirements”

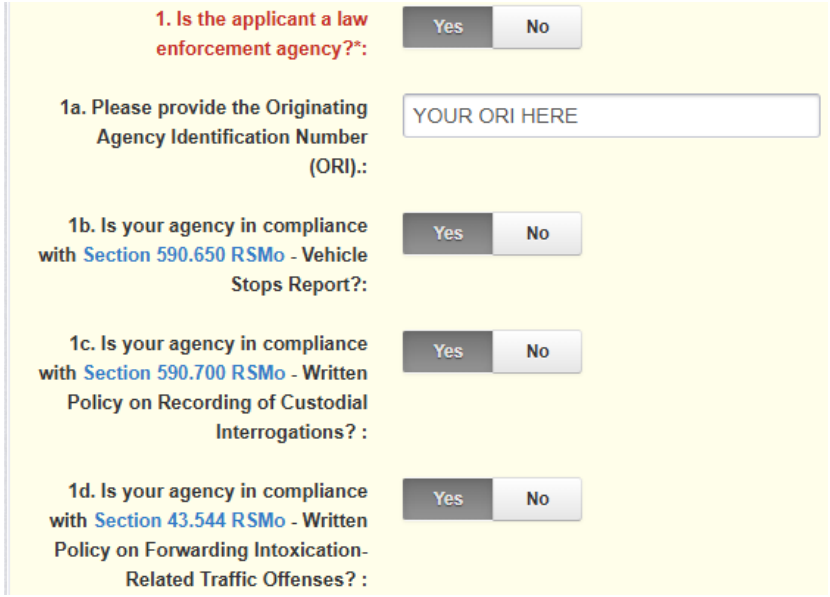

DPS Grants State Requirements

- To be eligible for grant funding through the Missouri Department of Public Safety, agencies **must** be compliant with the requirements listed below (as applicable) at the time of application and if awarded funding, must maintain compliance throughout the grant period of performance
- Select "Yes/No" to Questions 1-3 as they apply to your agency

DPS Grants State Requirements

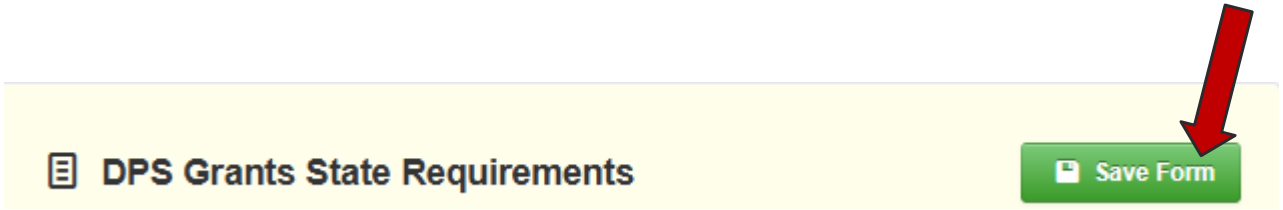

- Law enforcement agencies will select “Yes” on question 1
  - Complete Questions 1a. – 1h.
    - You will select “No” on question 1h.
    - Certain questions contain addition pop-up questions if YES is chosen

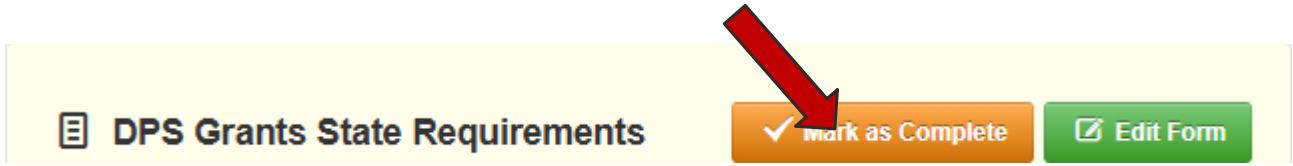

DPS Grants State Requirements

- Select “Save Form”

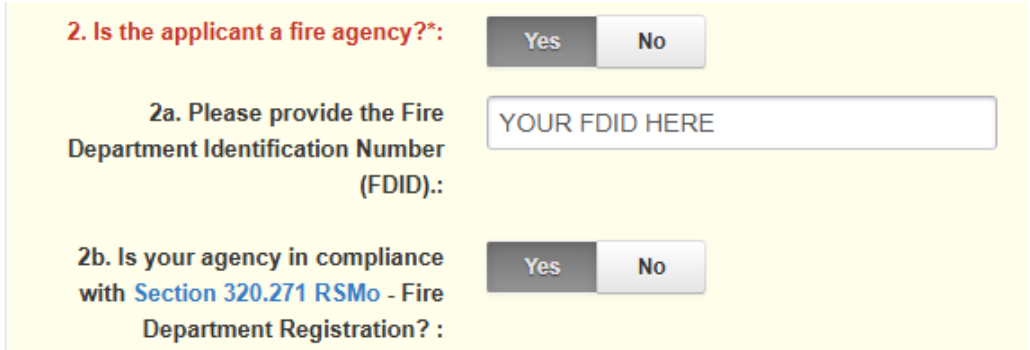

- Select “Mark as Complete”

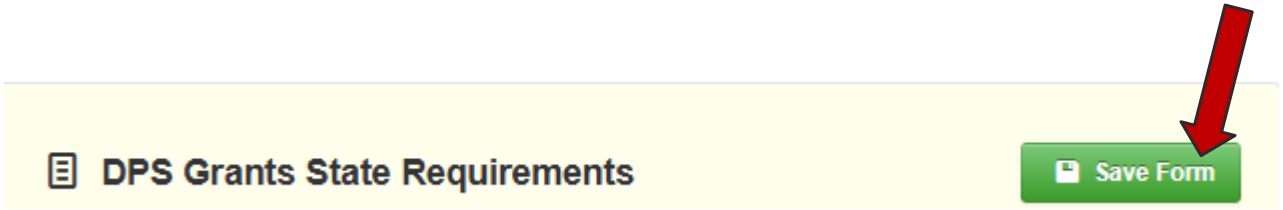

DPS Grants State Requirements

- Fire agencies will select “Yes” on question 2
  - Complete the following questions 2a.-2b.
    - Certain questions contain additional pop-up questions if YES is chosen

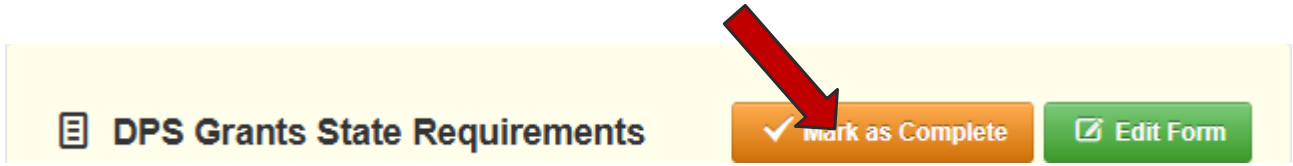

DPS Grants State Requirements

- Select “Save Form”

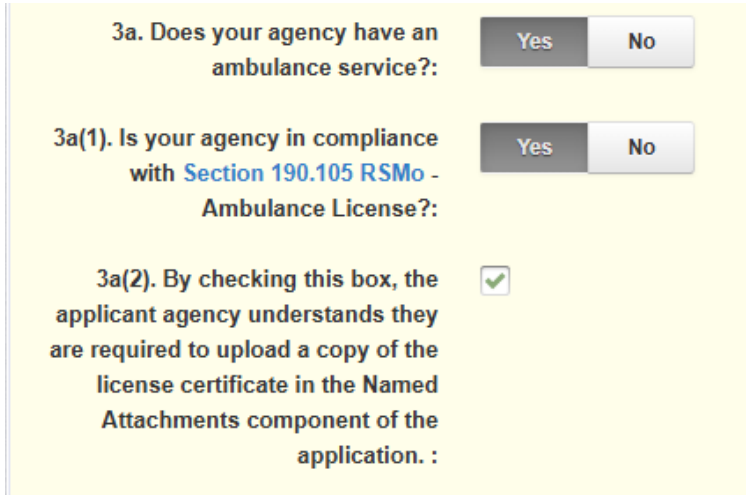

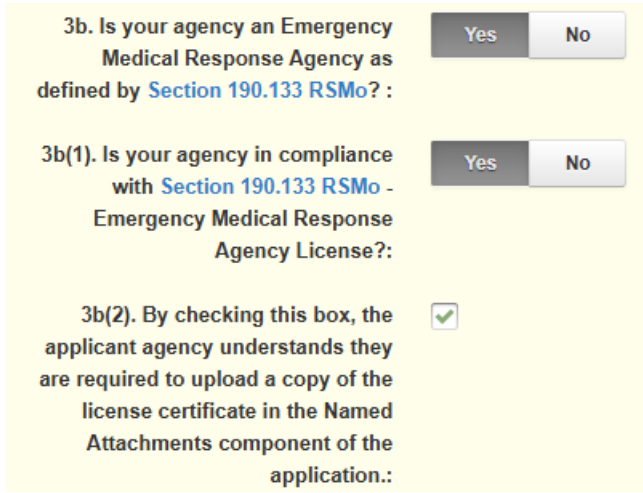

- Select “Mark as Complete”

DPS Grants State Requirements

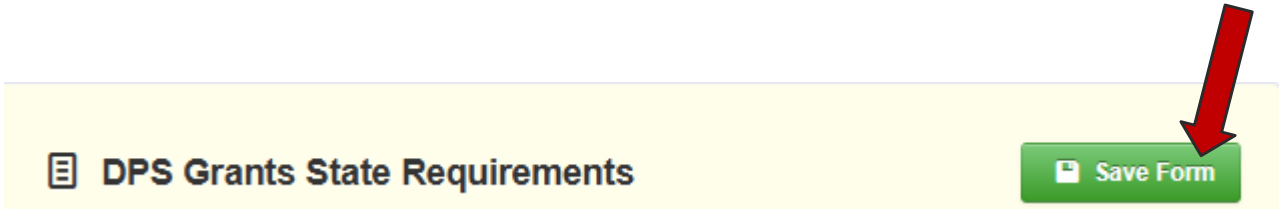

- EMS agencies will select “Yes” on question 3
  - Complete the following questions 3a. – 3b(2).
    - Certain questions contain additional pop-up questions if YES is chosen
    - MUST upload a copy of license certificates, such as applicable in the Names Attachments component

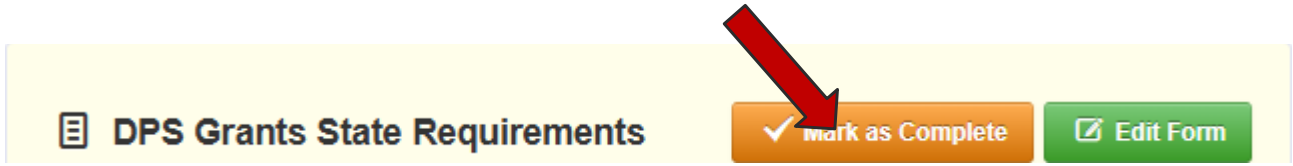

DPS Grants State Requirements

- Select “Save Form”

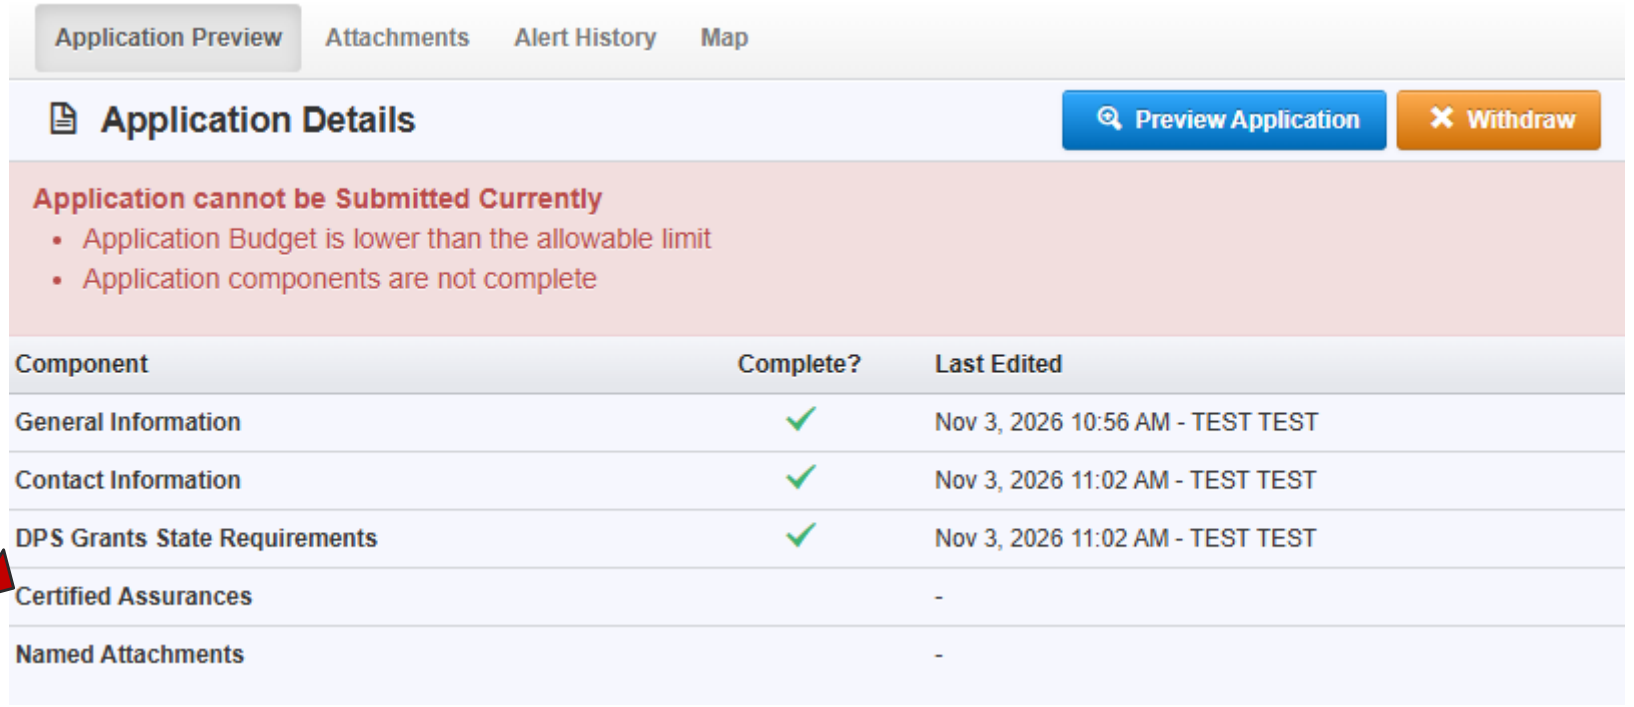

- Select “Mark as Complete”

Certified Assurances

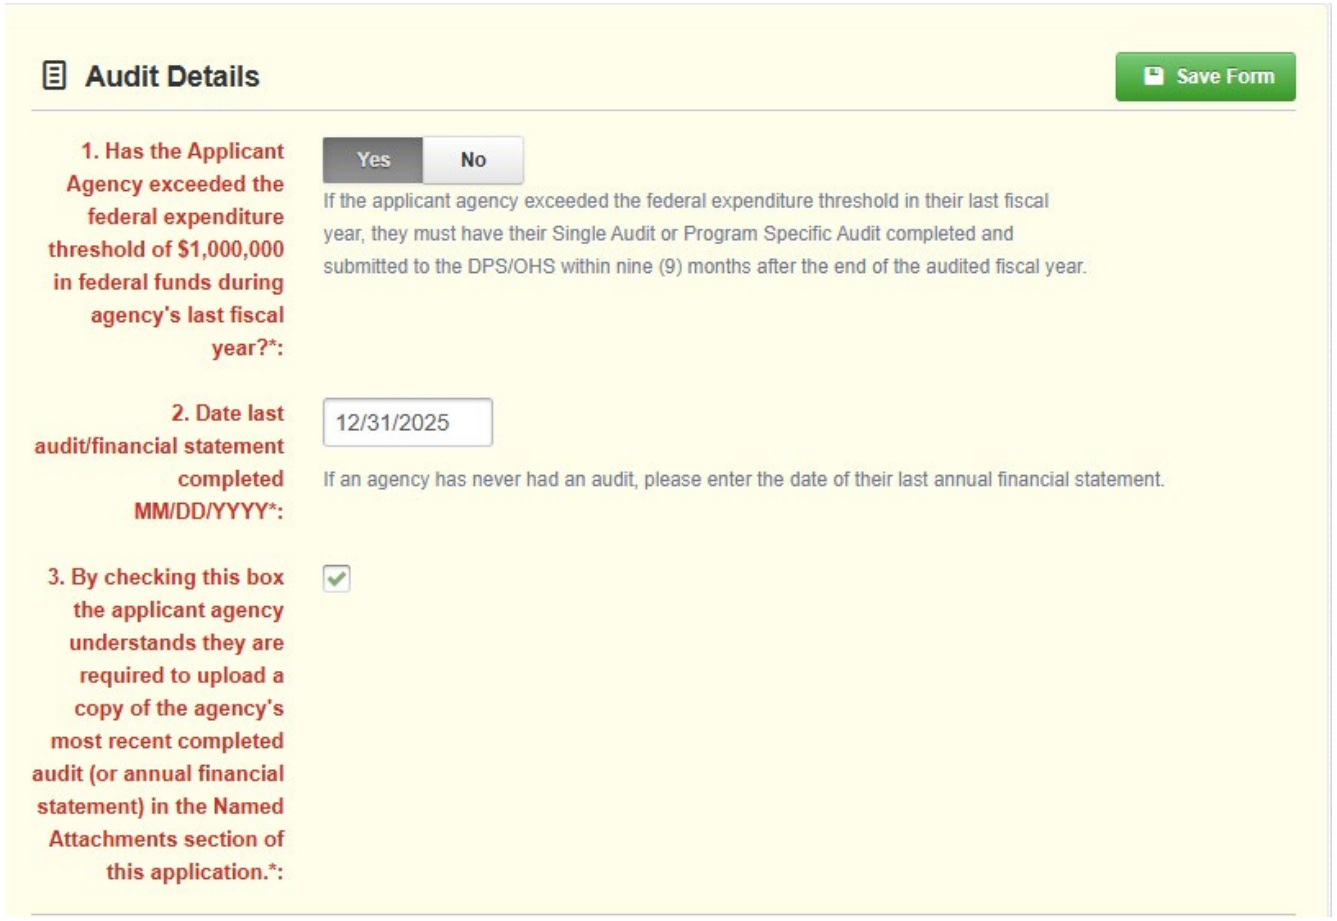

- Select “Certified Assurances”

Certified Assurances

- Using the most recent audit, annual financial statement, and/or SEFA, complete questions 1-3 of the Audit Details section of the Certified Assurances and indicate whether the $1,000,000 threshold for federal audits was met per 2 CFR 200.501
  - The $1,000,000 federal expenditure threshold is met when an agency has expended $1,000,000 or more in federal funds during their last fiscal year. This information can be found on the agency's most recent audit, annual financial statement, and/or SEFA. (The total amount of federal funds expended is derived from all federal sources, not just Department of Homeland Security funds.)
- If your agency does not have an audit, complete this section using your most recent annual financial statement and attach the statement in lieu of the audit
  - NOTE – If your audit covered a period that ended more than 3 years ago, provide the most recent financial audit for your agency's last fiscal year, as well of a copy of the audit
- All attachments will be uploaded in the "Named Attachments" component of the application

Certified Assurances

Certified Assurances

- The "Risk Assessment" section is to gather information the awarding agency (DPS/OHS) will use to conduct a risk assessment of your agency, as required by 2 CFR 200.332(b)
- Complete questions 1-3 of the Risk Assessment section of the Certified Assurances

Certified Assurances

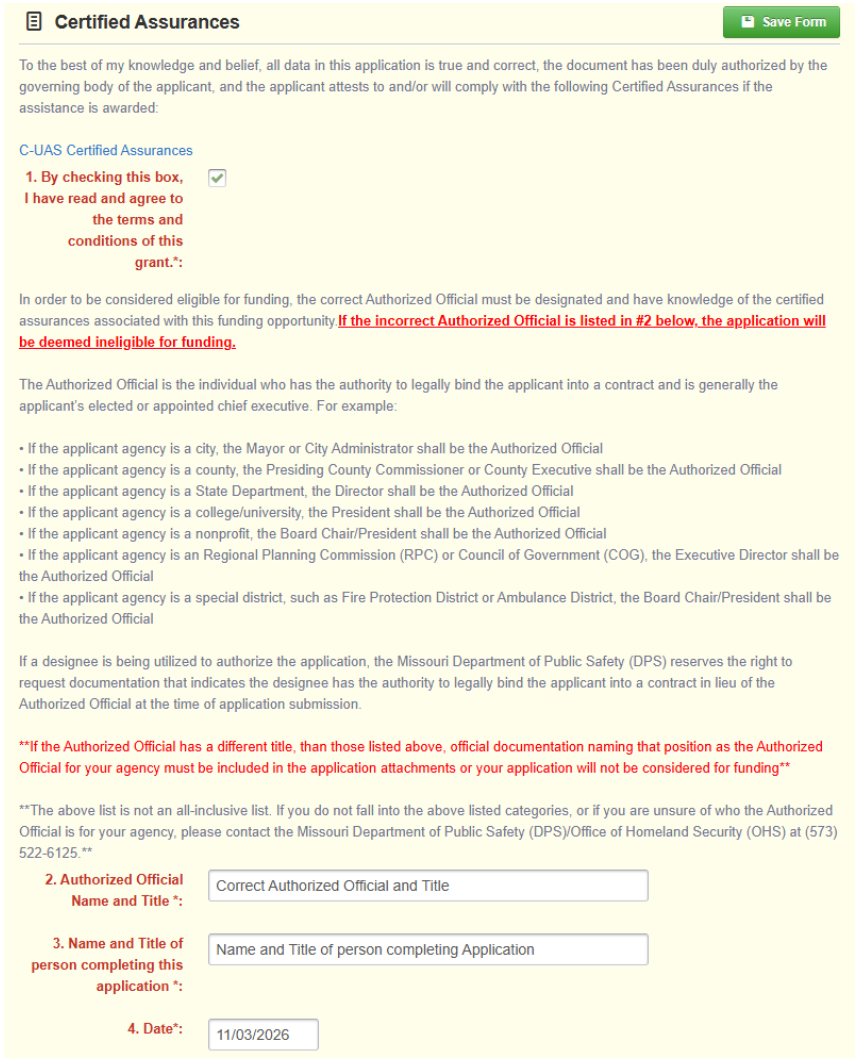

The "Certified Assurances" section MUST be completed with the agency's correct Authorized Official to be considered *eligible for funding*

****If the Authorized Official has a different title, than those listed as examples, official documentation naming that position as the Authorized Official for your agency MUST be included in the application attachments or your application will not be considered for funding****

If you are unsure who your Authorized Official should be for your agency, please contact the Missouri Department of Public Safety (DPS)/Office of Homeland Security (OHS) at 573-522-6125

Applications can be saved without the Authorized Official's information while they review, but MUST be completed before form can be marked complete and submitted

Certified Assurances

Certified Assurances

Save Form

To the best of my knowledge and belief, all data in this application is true and correct, the document has been duly authorized by the governing body of the applicant, and the applicant attests to and/or will comply with the following Certified Assurances if the assistance is awarded:

C-UAS Certified Assurances

1. By checking this box, I have read and agree to the terms and conditions of this grant.*: ☑

In order to be considered eligible for funding, the correct Authorized Official must be designated and have knowledge of the certified assurances associated with this funding opportunity.**If the incorrect Authorized Official is listed in #2 below, the application will be deemed ineligible for funding.**

The Authorized Official is the individual who has the authority to legally bind the applicant into a contract and is generally the applicant's elected or appointed chief executive. For example:

- If the applicant agency is a city, the Mayor or City Administrator shall be the Authorized Official
- If the applicant agency is a county, the Presiding County Commissioner or County Executive shall be the Authorized Official
- If the applicant agency is a State Department, the Director shall be the Authorized Official
- If the applicant agency is a college/university, the President shall be the Authorized Official
- If the applicant agency is a nonprofit, the Board Chair/President shall be the Authorized Official
- If the applicant agency is an Regional Planning Commission (RPC) or Council of Government (COG), the Executive Director shall be the Authorized Official
- If the applicant agency is a special district, such as Fire Protection District or Ambulance District, the Board Chair/President shall be the Authorized Official

If a designee is being utilized to authorize the application, the Missouri Department of Public Safety (DPS) reserves the right to request documentation that indicates the designee has the authority to legally bind the applicant into a contract in lieu of the Authorized Official at the time of application submission.

If the Authorized Official has a different title, than those listed above, official documentation naming that position as the Authorized Official for your agency must be included in the application attachments or your application will not be considered for funding

The above list is not an all-inclusive list. If you do not fall into the above listed categories, or if you are unsure of who the Authorized Official is for your agency, please contact the Missouri Department of Public Safety (DPS)/Office of Homeland Security (OHS) at (573) 522-6125.

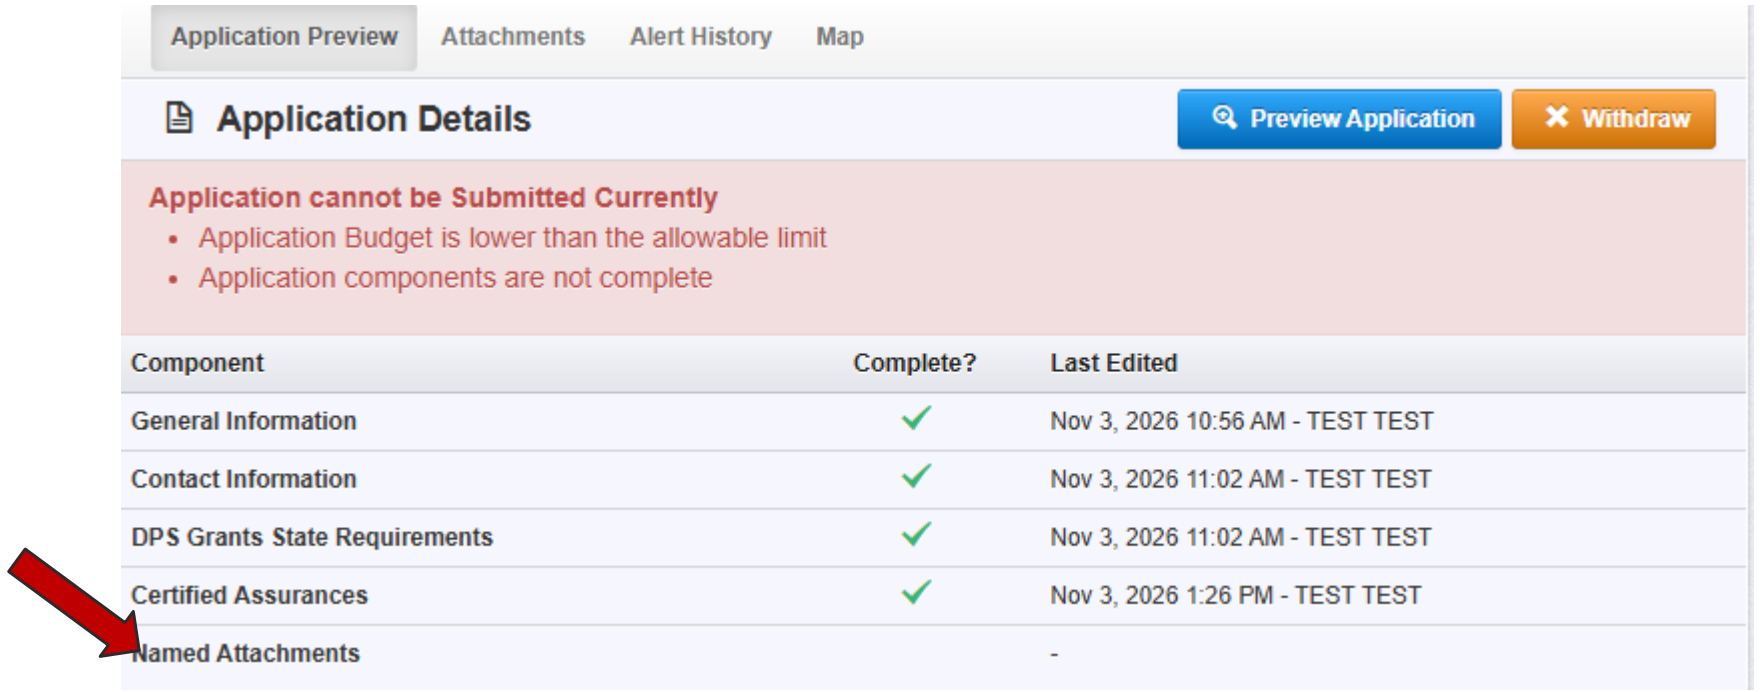

2. Authorized Official Name and Title *: Correct Authorized Official and Title

3. Name and Title of person completing this application *: Name and Title of person completing Application

4. Date*: 11/03/2026

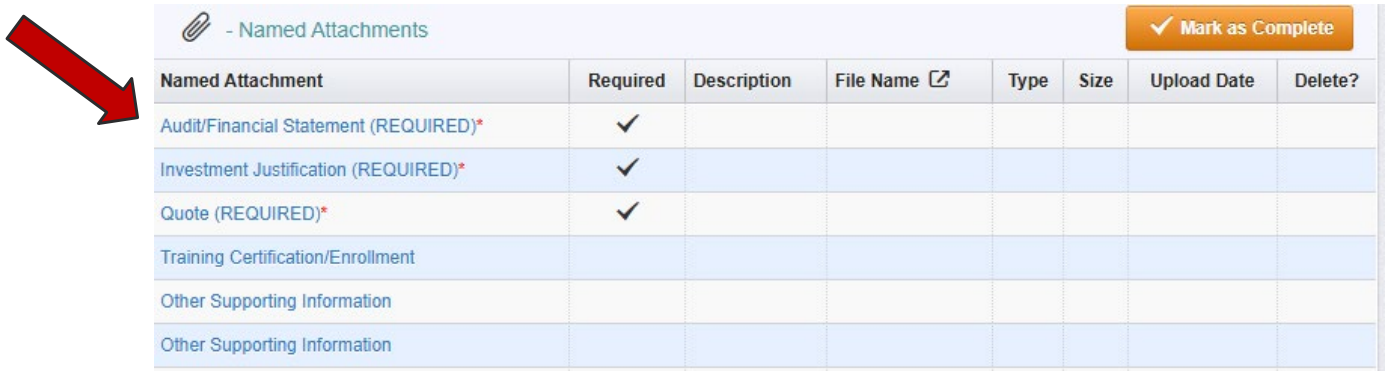

Named Attachments

- Select “Named Attachments”

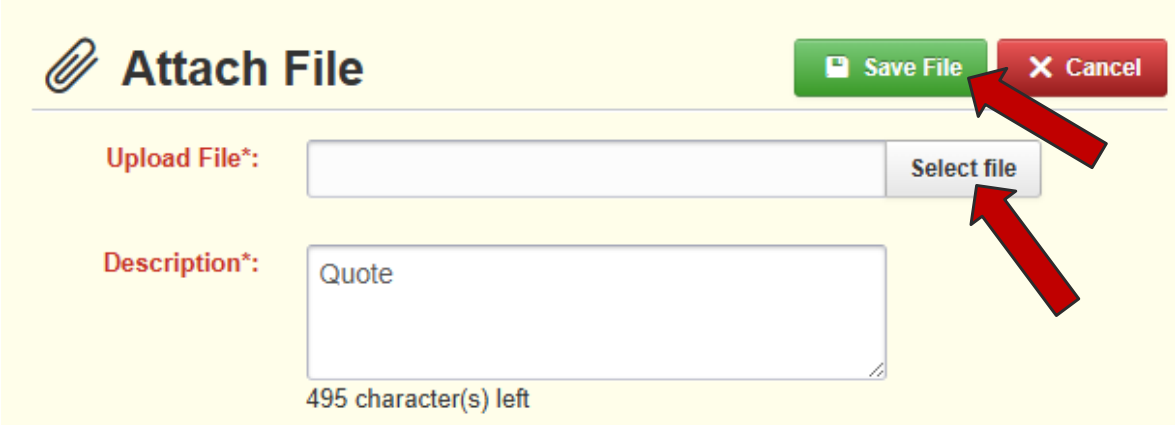

Named Attachments

- Attachments
  - Audit/Financial Statement – An audit/financial statement is required to be submitted
  - Investment Justification – The Investment Justification is required to be submitted and is the basis of the application
  - Quote – A quote or cost basis is required
  - Training Certification/Enrollment – Documentation is not required but highly recommended
  - Other Supporting Information – up to 5 attachments
- To add the attachment, select the name of the attachment

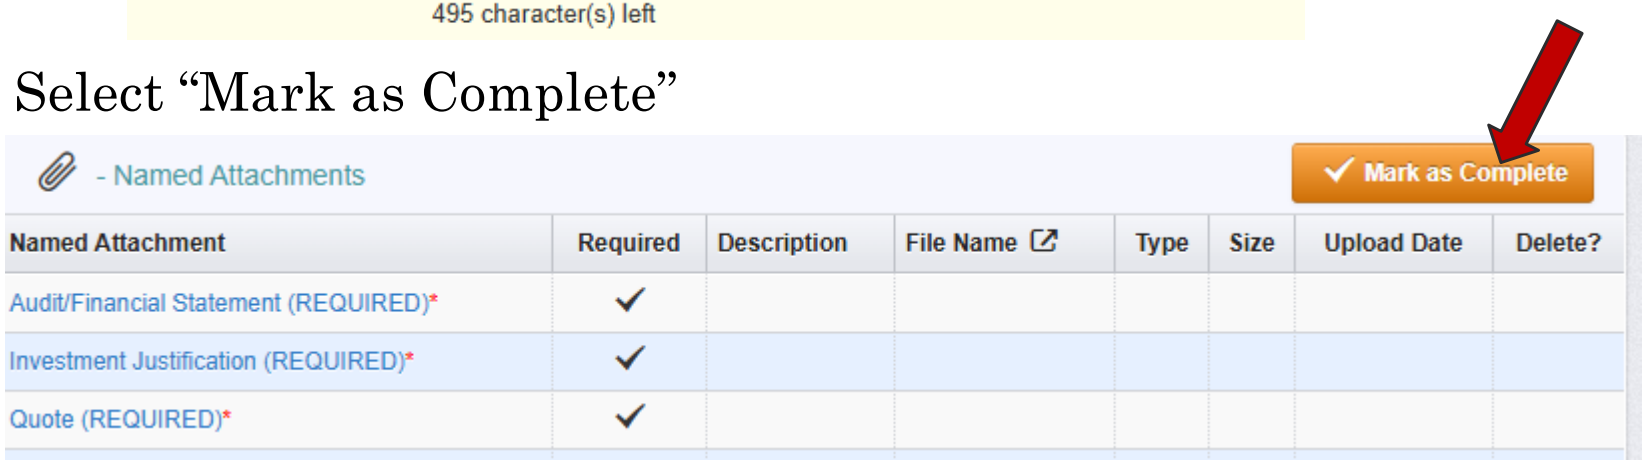

Named Attachments

- Browse your computer to select a document by selecting “Select file”
- Provide a brief description and select “Save File”

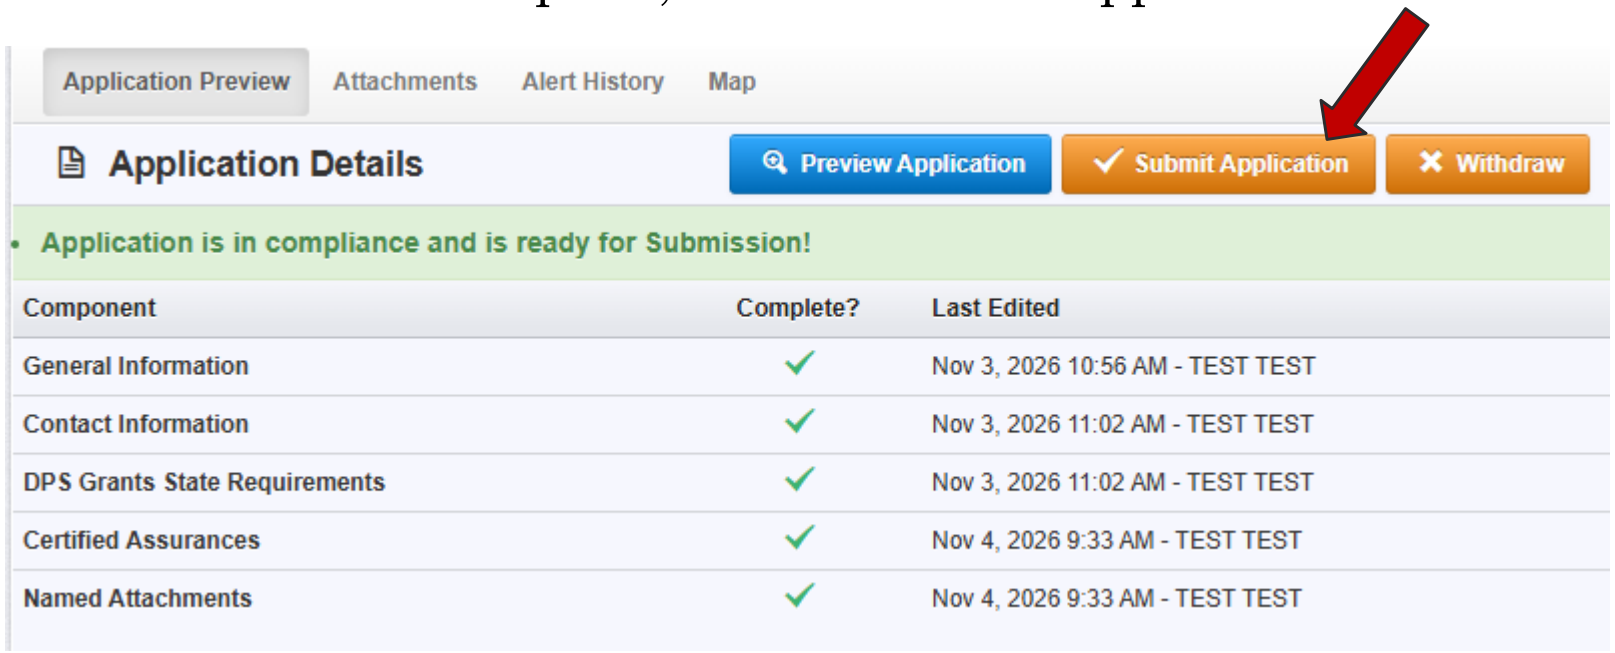

- Select “Mark as Complete”

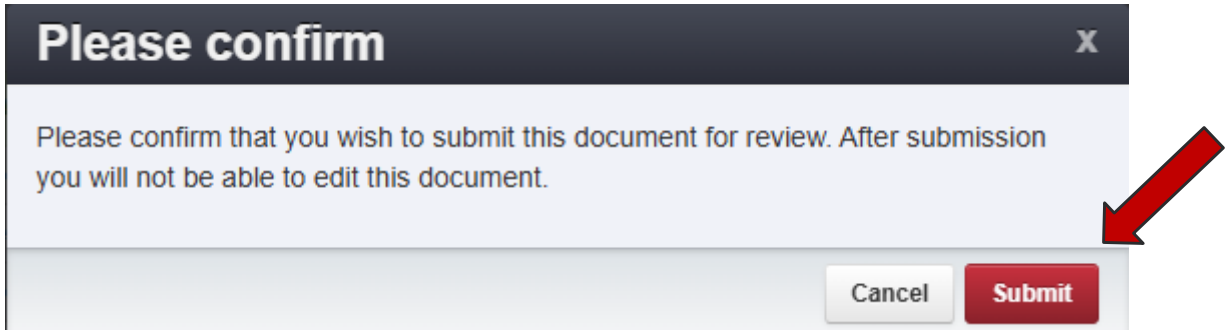

Application Submission

- All forms **must be marked complete** in order to submit the application
- When all forms are complete, select “Submit Application”

Application Submission

- Select “Submit” to confirm the submission of your application

Application Submission

- The “Primary Contact” on the application will receive an email from WebGrants confirming the application submission
