FY 2026 SHSP CTO Equipment Grant Notice of Funding Opportunity (NOFO)

- The Missouri Department of Public Safety is pleased to announce the funding opportunity for the FY 2026 State Homeland Security Program (SHSP) Counter Terrorism Officer (CTO) Equipment Grant. The funding opportunity is made available through the Missouri Department of Public Safety's electronic WebGrants System, accessible online at:
<https://dpsgrants.dps.mo.gov>
- The Notice of Funding Opportunity (NOFO) can be accessed at the following link: <https://dps.mo.gov/dir/programs/ohs/grantstraining/> under Grant Applications and Forms and the section titled FY 2026 SHSP Counter Terrorism Officer (CTO) Equipment Grant
 - The NOFO contains information regarding the purpose/objectives of the program, eligibility, application requirements, allowable/unallowable costs, etc.

SHSP CTO Equipment Grant Program Description

- In 2019 the Missouri Office of Homeland Security (OHS) began a process of analyzing gaps, in prevention, response, and mitigation of acts of terrorism, identified in the Threat and Hazard Identification and Risk Assessment (THIRA) across the 32 Core Capabilities.
 - DPS/OHS identified critical shortage of law enforcement officers trained to identify and plan for potential terrorist threats and vulnerabilities in local communities
 - Missouri CTO Program was designed to expand law enforcement capabilities in the areas of homeland security and to combat the rising threats of homegrown violent extremism and terrorist threats across the state of Missouri
 - CTO's are located within multiple jurisdictions in each region of Missouri. These specially trained officers are members of their local law enforcement agencies and provide a level of expertise to their agency and community with regards to terrorism prevention, response and mitigation. This grant program will provide increased capabilities across these mission areas
 - SHSP CTO projects are to enhance the Missouri Counter Terrorism Officer Program's effectiveness at the local level by giving agencies the opportunity to acquire equipment uniquely focused on their terrorism prevention mission and locality
