About NCPC

The North County Police Cooperative is a positive alternative to the status quo in policing. Community partnership is the driving force behind the forming of the CO-OP. Whether it is coaching youth athletic teams, providing a citizen's police academy, throwing a movie night event or just getting out of the car and shaking hands during normal patrol, this endeavor cannot succeed without this strong bond between the police and the citizens we serve. We are humbled and grateful to have this unique opportunity; serving multiple cities in North St. Louis County and being welcomed as part of the family.

What We Do!

The North County Police Cooperative currently serves seven North County Municipalities: Wellston, Pine Lawn, Vinita Park, Beverly Hills, Velda Village Hills, Uplands Park, and Dellwood. We provide

all forms of policing services to each of these cities. Patrol, Criminal Investigations, Crime Scene, Drug Enforcement, K9, Traffic Enforcement, Community Partnership and several other functions. Our police force has approximately 60 police officers and various civilian personnel. Each community we serve has a precinct office and all levels of ancillary police services for the public. Every precinct has a precinct commander who reports directly to the Mayor and Board of each municipality. The Chief of Police also reports directly to each Mayor and Board. In essence, each municipality has its own police force which respond to the unique needs of their community. This has been a very important facet of serving different locales. Our goal is to provide the highest level of service, protection and professionalism to our citizens. Working side by side with them in making our communities better.

Community Involvement

the citizens and officers a chance to spend time together outside the normal confines of the job.

From top to bottom, our officers are not only encouraged, but expected to participate in a multitude of Community Partnership programs. It gives
