A Storied Past. You Can Help Us Write the Future.

The Crestwood Police Department is currently recruiting for Police Officer candidates, who may be considered under the following possibilities:

- Applicants who have newly completed a minimum of 800 hours of Missouri basic law enforcement academy training.
- Applicants who are experienced officers within the state of Missouri with a current P.O.S.T. Class A license, wishing to make a lateral entry.
- Applicants who are experienced officers from outside the state of Missouri who are able to obtain licensing via the Missouri P.O.S.T. Veteran Peace Officer application and testing .

Crestwood, A Community For a Lifetime

Crestwood is a city of approximately 12,000 residents located in southern St Louis County, Missouri, and is a part of the greater St Louis Metropolitan Region. A post war boom town, Crestwood was founded in 1947 upon the original Route 66, now known as Watson Road.

Once considered as a major regional retail center, Crestwood has reinvented itself as a home to well established, stable and secure residential neighborhoods. These suburban neighborhoods are complimented by the close proximity of daily needs retail. Crestwood offers the best of a small town atmosphere while still having easy access to the amenities of the surrounding urban area. The City of Crestwood is poised for an exciting major new

redevelopment within the well established Watson Road retail corridor, promising a bright future for decades to come. The Crestwood Police Department takes great pride in continuing to provide the very best service to our residents and business community, securing the city as a highly desirable place to live and do business.

A Department You are Proud to Call Yours

The Crestwood Police Department understands that being a police officer is more than just a job, and that you are doing it for more than just a pay check. We pride ourselves on providing an environment that supports you. While we

are a full service professional police department, we still work to maintain a relaxed and fun environment for our officers. We emphasize the importance of a healthy personal life to go hand in hand with a fulfilling career. The Crestwood community fully supports and appreciates their police department and it's officers.

Crestwood police officers though individually diverse, work as a team, and while you are given the freedom to be independent, our officers don't have to fear being alone when they need help. As a Crestwood Police Department employee you will have access to current police technology and tools, as well as new and modern equipment. We encourage our officer's growth, and count your success as our own.

Our Mission is to Provide Quality Police Services Through High Ethical and Professional Standards.

This Mission is Attained Through a Sincere and Professional Commitment to Public Service and Safety.
