

Streetlight Grant Program

Notice of Funding Opportunity (NOFO)

Grant Issued By:

Missouri Department of Public Safety

Assistance Listing:

21.994

Funding Opportunity Title:

Streetlight Grant Program

Introduction:

The Missouri Department of Public Safety is pleased to announce the funding opportunity for the Streetlight Grant Program made available through Missouri House Bill 20 section 20.994.

Program Description:

The Streetlight Grant Program is designed to enhance community safety and well-being by providing financial support exclusively for the installation and electricity connection of streetlights. Recognizing the critical role that proper lighting plays in crime prevention and pedestrian safety, this program offers the resources needed to illuminate the City of Arnold's streets effectively.

This program serves as a valuable resource for communities located in the City of Arnold looking to enhance their infrastructure, create safer environments, and improve residents' quality of life. The Streetlight Grant Program specifically targets installation and connection costs, empowering communities within the City of Arnold to make concrete progress toward a brighter, safer future.

Period of Performance: 8.5 months

Projected Period of Performance Start Date: 10/01/2024

Projected Period of Performance End Date: 06/15/2025

Funding Instrument: Grant

Maximum Award: \$300,000

Match Requirement: 50% match/cost share requirement (Cash [Hard] Match or In-kind [Soft])

Cash Match (Hard): Cash or hard match includes cash spent for project-related costs.

In-kind Match (Soft): In-kind or soft match refers to contributions of the reasonable value of property or services in lieu of cash that benefit this project or program. In-kind match MUST be directly related to the project and may be retroactive to March 2020.

Cost share can be calculated using the formula below:

Step 1: Calculating Total Project Costs based on a 50/50 match.

$$\frac{\text{Award Amount}}{\text{Match Percentage}} = \text{Total Project Costs}$$

Step 2: Calculating Subrecipient's Match Percentage

$$\text{Subrecipient's Match Percentage} \times \text{Project Costs} = \text{Required Match}$$

Example 1: $\frac{\$100,000}{50\%} = \$200,000$ Total Project Costs

$$50\% \times \$200,000 = \$100,000 \text{ Subrecipient Cost Share}$$

Example 2: $\frac{\$200,000}{50\%} = \$400,000$ Total Project Costs

$$50\% \times \$400,000 = \$200,000 \text{ Subrecipient Cost Share}$$

Eligible Applicants:

A city with more than 20,000 residents but fewer than 23,000 residents and located in a county with more than 200,000 but fewer than 230,000 residents.

Eligible Cost Items:

The objective of the Missouri Department of Public Safety in awarding Streetlight Grant Program funding to upgrade streetlights, thereby increasing the safety of that city.

Unallowable Cost Items:

- Personnel/Benefit Costs
- Travel/Training Costs
- Lobbying
- State and Local Sales Taxes

Application and Submission Information:

1. [Applications](#) will only be accepted via email to Courtney.Kawelaske@dps.mo.gov

2. **Key Dates and Times**

a. **Application Start Date:** September 20, 2024

b. **Application Submission Deadline:** October 10, 2024

3. **Agreeing to the Terms and Conditions of the Award**

By applying, applicants agree to comply with the requirements of this NOFO and the terms and conditions of the award, should they receive an award.

As part of the Streetlight Grant Program application, eligible applicants must complete all application forms and provide all required documentation:
